URGED TO COMBAT SUCH PROPAGANDA

Township Loan Workers Are Impressed With Fact That People Not Banks Must Buy Bonds.

PLANS MADE FOR CAMPAIGN.

Judge Will M. Sparks and M. W. Lyons Speak at Conference—First Meeting Friday Night.

To combat the propaganda, "The banks will take it", stress was laid on the fact at the county conference of loan workers at the court house yesterday afternoon, that since the Victory loan is the last popular one to be attempted by the government, every effort will be made to give the issue as wide a distribution among the people as possible.

T. M. Green, county director of sales, emphasized that the workers should exert themselves even more to overcome the widespread opinion that since this is the last popular loan, if the people do not buy the bonds, the banks will take them.

Every township in the county except three was represented at the conference. Washington's chairman, shoned that no one would be present from there but the supplies would be obtained before the campaign officially opened next Monday. No one was present from Union or Noble yesterday, but these two townships were represented at the other conference held several days ago.

Mr. Green presided and Judge Will M. Sparks and the Rev. M. W. Lyons made the principal addresses. Township loan workers were also called on for short talks to describe conditions in their communities.

A. I. Gary, who is in charge of the speakers bureau, announced today that four loan meetings had been arranged, one for Friday evening and the other three for Sunday afternoon, as follows:

Friday, April 18, 7:30 P. M., Moscow Christian Church, Miss Hazel Bennett and Judge Will M. Sparks;

Sunday, April 20, 1:30 P. M., Raleigh town hall, Miss Hazel Bennett and Judge Douglas Morris;

Sunday, April 20, 2:00 P. M., Manilla Christian Church, Judge Will M. Sparks;

Sunday, April 20, 3:00 P. M., Osborne school house, Miss Hazel Bennett, Miss Anna L. Bohannon and Miss Frances Frazer.

Judge Sparks explained the form which will be used by canvassers in this campaign and which is similar to the one used in the last drive. It is in three parts, the first to be kept by the bank for a record, the second to be delivered to the township chairman for a record of sales and the third to be given to the subscriber as a receipt.

Mr. Green explained to the township chairmen and canvassers present that it was essential to the welfare of the country that the Victory loan be purchased by the people. It is the last popular loan which will

AWAITS COMING OF PEACE

Consideration of War Time Prohibition by Wilson

(By United Press.)

Paris, April 16.—President Wilson is not expected to consider the subject of war time prohibition until after the peace is signed and something is done regarding demobilization, it was learned today. The question has not arisen in the "White House" but it was pointed out that the law depends upon the actual demobilization.

FROST PREDICTED TONIGHT

Indiana Weather Bureau Says it Will Not be Heavy

Indianapolis, Ind., April 16.—The Indianapolis weather bureau reported today that frost is probable tonight, but that it is not expected to be heavy enough to damage fruit or vegetables. A frost is expected if the weather clears early enough tonight. In case it remains cloudy frost is not likely.

BASE HOSPITAL NO. 32 IS ON WAY HOME

Two Rush County Young Men, Russell Kirkpatrick and Neff Ashworth, Among Enlisted Men

DUE HERE ABOUT APRIL 27

Two more Rush county boys are on the way home from France, according to an announcement at Washington of the sailings of transports, which says that the Freedom is bringing Base Hospital No. 32 the Indiana unit, Russell Kirkpatrick and Neff Ashworth are the two young men from here who are with this unit. The nurses and officers of the Indiana Hospital unit have returned home, leaving the enlisted men behind. The Freedom is due in New York about April 27.

There has been some criticism directed at the officers of Base Hospital No. 32 because they came ahead of their men, but Dr. Dolph Humes, former Rush county man, who was a major with the hospital has answered them with a reply to a letter written by him to Surgeon-General Ireland, which shows that the officers did not return of their own accord, but on orders of the government. Gen. Ireland points out that the officers are in no way to be blamed for the circumstances which caused them to return first.

RICHMOND PASTOR IS NEW MODERATOR

Dr. D. Ira Lambert Returns From Meeting of Whitewater Presbytery at Connersville

NEW ERA MOVEMENT TOPIC

The Rev. D. Ira Lambert, pastor of the First Presbyterian church attended a meeting of the Whitewater Presbytery at Connersville Monday night and all day Tuesday, the session closing about four o'clock Tuesday afternoon. The major sessions were held Tuesday, being attended by more than one hundred delegates from the several churches in Rush, Dearborn, Franklin, Wayne, Henry, Decatur and Fayette counties which form the Presbytery.

The most important business was the election of the Rev. Dr. Ray of Richmond as moderator of the district, succeeding the Rev. Mr. Toble of Greensburg, who resigned his duties some time ago. During the meeting the New Era movement was encouraged and a five year program for the world movement, similar to that of the Methodist church, was adopted.

LIGHTNING KILLS 5 HORSES

Greensburg, Ind., April 16.—Lightning struck a barn on the Homer McClintic farm, near Waynesburg, yesterday, causing a heavy loss. Five horses perished in the flames, and practically all the contents of the structure, consisting of farming implements, hay, grain and corn were consumed.

INSTRUCTIONS TO BE THEIR GUIDE

Trustees Receive Letter From Chief of State Board of Accounts Regarding Roads

WILL FOLLOW SAME POLICY

Since Controversy is Ended, Road Work Will be Resumed—Drags Badly Needed Now

Township trustees will continue to maintain township roads as they have in the past, following receipt today of letters from Gilbert Hendren, chief of the state board of accounts, pointing out that it is their duty in the light of the latest opinion of Ele Stansbury, attorney general, harmonizing the Beardsley law and the county unit road law which were apparently in conflict and which have had the trustees on the anxious seat for several weeks.

Copies of the letter, which points out trustees should not pay their road maintenance funds over to the county as previously ordered to do, have also been received by the county auditor, county attorney and county treasurer. Although the county unit law specifically provided the trustees should relinquish jurisdiction over their roads, the opinion of the attorney general overrides this clause, showing that it was not the intent of the legislators that this should be done.

The apparent conflicts in the laws has resulted in township road work being delayed at a time when it is especially needed. Trustees now are expected to give their roads the much-needed dragging. It was pointed out today by county officials that roads should be dragged following the heavy rains of the last few days, and since the controversy is settled, the trustees should resume their road duties.

The letter from Mr. Hendren by which the trustees will be guided in the future, is as follows:

"1. Under the provisions of the inclosed opinion by the attorney general the county treasurer shall pay all township road taxes to the respective township trustees.

"2. In all cases where the township trustee has heretofore paid over to the county treasurer the balance of road funds in his hands, the county treasurer, upon authority of the attorney general's opinion shall immediately pay over said road funds to said township trustees upon a warrant drawn by the county auditor, less any sum that may have been expended for labor or material by the board of county commissioners in any such township or townships.

"3. Pursuant to the inclosed opinion it shall be the duty of the township trustees to oversee the repairs of township roads as formerly done as a part of their official duties under the direction of the board of county commissioners.

"4. The inclosed opinion is supplemental to, and explanatory of, certain portions of the opinion of the attorney general dated March 29, 1919."

PLEDGES \$120,000

Anderson, Ind., April 16.—At a meeting of the advisory committee in charge of the Victory Liberty Loan drive \$120,000 in subscriptions was realized. Most of the amount was in \$5,000 lots from members of advisory board.

CHARGE DISMISSED

The charge of manslaughter against David Morgan of Clarkshurg which was the outgrowth of an accident in which a 15-year-old Indianapolis boy was killed by a machine driven by Mr. Morgan, was dismissed in Indianapolis yesterday when Mr. Morgan was arraigned.

NEW WELLS SOON TO BE ATTACHED

Contracts For Material to Construct Pipe Line to City Plant Are Let by Council

POLES AND PIPE ARE BOUGHT

New Supply Will be Added to Water System Just When Present Supply is Being Exhausted

The regular meeting of the city council last night was devoted mostly to allowing contracts for the year for supplies for the water and light plant and for material to construct the line to the new water wells a mile southwest of the city, which were drilled last fall and will be attached to the city water system this summer. Bids were opened by April 1.

With the letting of the contract for the digging of the ditch in which the water pipes will be laid, actual work has been started that is expected to result in the addition of a water supply that will be ample for the needs of Rushville. The city council opened up a new water shed when these wells were drilled and it was fortunate that a new source was found because all of the wells now in use draw on the same supply, which is fast being exhausted.

The contract for poles to run the electric line to the wells to provide power for the pumps, was awarded to the J. W. Miller Lumber company of Minneapolis, Minn. The contract for pipe went to Lewis F. Freedmann for the following prices, F. O. R., Muncie, Ind.: \$1.50 a foot for 4,000 feet of 8 inch pipe; 90 cents a foot for 1,000 feet of 6 inch pipe. The contract for digging the ditch for the pipe line was awarded to E. J. Farthing.

The contract for supplying the water and light plant with coal for the coming year went to the Indian Creek Coal Mining company, the same firm which has had the contract for two years. The contract price is \$3.20 a ton. F. O. B., Rushville. The contract to supply oil and grease to the city plant was awarded to the Moore Oil company of Cincinnati.

The police were instructed by the council to keep vehicles from standing in front of the fire station, complaint having been made to the council by members of the fire department.

The police were also instructed to notify the owners of the building at the northwest corner of Third and Main streets to have the outside stairway torn down.

CITY OF LIMERICK IN STATE OF SEIGE

British Troops Are in Possession of Streets After Martial Law is Proclaimed

MACHINE GUNS ARE SET UP

(By United Press.)

Dublin, April 16.—The city of Limerick was in a state of seige today following establishment of martial law in that district.

British troops were in possession of the streets. Barbed wire entanglements were erected on all bridges and military police prevented anyone to enter or leave the city. Machine guns had been placed at strategic points. The city was cut off from all communication with surrounding territory and the fear was expressed of a food-shortage.

Berne, Apr. 16.—The first session of the Budapest council today elected Premier Lenine and other Bolshevik honorary members.

HEAVY CASUALTIES RESULT

Anarchy Still Prevails in Munich, Dispatches Report

(By United Press.)

Copenhagen, April 16.—Dispatches from German sources reported today that anarchy prevails in Munich. Street fighting has resulted in heavy casualties. The principal railway station was reported to have been destroyed by fire. The first infantry regiment was said to have deserted to the communists.

NATIVE OF COUNTY DIES AT BOGGSTOWN

Funeral For Casper C. Craig, Age 70, Will be Held Friday Morning at Late Residence

WIDOW AND 10 CHILDREN LEFT

Casper C. Craig, age 70, is dead at his home south of Boggstown, Shelby county. Mr. Craig was born in this county, living here until he was a young man, and after his marriage to a Rush county girl they moved to Shelby county and since that time had lived there. They celebrated their fiftieth wedding anniversary last fall. Mr. Craig was one of the best known men of Shelby county, having been a farmer there since early manhood and having lived at the place of his death for a period of fifteen years.

He is survived by ten children and the widow, one brother and one sister. Short funeral services will be held Friday morning at the late residence with the Rev. Mr. Boxell officiating. The public funeral services will be held at the Manilla M. E. church at 11 o'clock the same morning, with the Rev. Loren Tillison and the Rev. James L. Brown in charge, and burial will be made in the Manilla cemetery.

RADICALS BOLT FROM THE SOVIET CONGRESS

Action Expected to Put End to Session and is Result of Fight For Control

STRIKE PASSES ITS CRISIS

(By United Press.)

Berlin, April 16.—The radicals bolted from the national Soviet congress, declaring they will join the Spartacists and fight the government relentlessly.

The action of the radicals, which is expected to put an end to the congress, resulted from a fight for control with the majority socialists. After the leaders showed themselves to be in power the radicals refused to accept a compromise and elect some of their members to the executive committee.

The general strike seems to have passed its crisis with the government winning control.

German party leaders are planning to dedicate May 1 as a holiday in protest against the allies peace terms and for demanding immediate release of German war prisoners.

U. S. FOOD SHIP IS PILLAGED

Unconfirmed Dispatch Tells of Action by Germans

(By United Press.)

Zurich, April 16.—An American food ship destined for Poland has been pillaged by Germans, a Hamburg dispatch reported today.

No confirmation of the above dispatch has been received but it is believed that possibly they had stolen quantities of supplies from the ship.

PEACE NOT OVER; FULL OF PERILS

Premier Lloyd George Says There is Understanding on Fundamental Questions, However

AN ADDRESS TO PARLIAMENT

President Will Remain in Paris Until German Treaty is Disposed of, it is Stated

(By United Press.)

Paris, April 16.—President Wilson will remain in Paris until the German treaty is disposed of, it was stated authoritatively today.

Associates of the president believe that it will be possible to clear up other treaties with the German treaty. If it cannot be done President Wilson will remain to see the German treaty through with and leave Col. House to attend to the others.

London, April 16.—There is a complete understanding on fundamental questions of the peace settlement, Premier Lloyd George declared in addressing parliament this afternoon. He said it is not true that America and Europe are at variance.

"A stern and just peace, but not a vindictive peace is wanted," declared the premier. "I am going back to Paris and must have the fullest confidence of parliament."

Pointing out the difficulty of effecting peace, the premier said a complete breaking up is threatening in Russia, Austria and Turkey.

"There is no authority throughout Russia," he said. "The question of recognition of the Soviet government has never been discussed."

Lloyd George declared, amidst an outburst of cheering, that the indemnity question will not be an easy one. He asked that the delegates "Who are trying to do their best be left in peace. Peace is not over and is full of perils for all," he declared.

"The internal conditions in Russia do not justify a gigantic military enterprise," said Lloyd George, "I would rather leave Russia to the Bolsheviks, if there is no other way out, and then to be bankrupt." Lloyd George pointed out that Russia would be most difficult to conquer and would require huge armies for the task.

"Everyone of my election pledges is incorporated in the allied demands," he said.

The premier's address gradually brought the house around into a responsive and demonstrative mood. The majority of the members left after Lloyd George had finished his speech. Only a few remained to hear the other speakers.

"Lloyd George's speech was eloquent but not entirely satisfactory to all his friends," said Adamson, labor leader. "We wished more details."

Paris, April 16.—The German peace delegation, officially ordered to Versailles on April 25 will follow the route over which they marched to the gates of Paris in 1914, it was learned today.

But the army, as in 1914, will not enter Paris. They will be forced to proceed directly to their quarters in Versailles.

After their arrival the strictest precautions will be taken to prevent any of them straying into Paris, so that no unfortunate incident may occur.

The Germans' actual acceptance of the treaty will be about May 10. On or about that day the world will see the state of war removed and peace proclaimed, or will be given 72 hours notice of a rupture of the armistice if they refuse to sign.

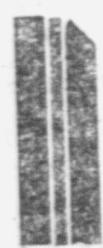

The Big Four was considering the

**DAIRY
FACTS**

PREVENT MILK PLANT WASTE
Managers and Employers of Dairy
Establishment Should Work to
Avoid Spoilage.

(Prepared by the United States Depart-
ment of Agriculture.)

A quart of milk wasted now is
about twice the loss it was a few years
ago, and the financial loss, though
great, is even less serious than the
waste of this essential food. Managers
and employees of market milk estab-
lishments should take every possible
precaution to prevent waste. Here are
a few suggestions along this line:

To Prevent Milk Waste.
Keep the shrinkage as low as pos-
sible by close attention to leaks,
spillage and slopping.

Avoid milk piping as much as pos-
sible, since considerable milk will stick
to pipes at the end of the run.
Have milk vats so that they can be
drained readily.

Drain cans and all containers well
after dumping the milk.

To Save Fuel and Ice.
Utilize exhaust steam wherever pos-
sible for heating the building and pro-
viding hot water for various dairy op-
erations.

Avoid extra steam piping by proper
arrangement of rooms, thus avoiding
losses due to condensation of steam.

Keep steam valves and joints well
packed.

Keep doors of refrigerator room
closed. Do not work in refrigerator
more than necessary and do not leave
lights on.

To Save Labor.
Avoid use of milk pumps wherever
possible by adopting the gravity-flow
system. Extra labor is required for
cleaning pumps.

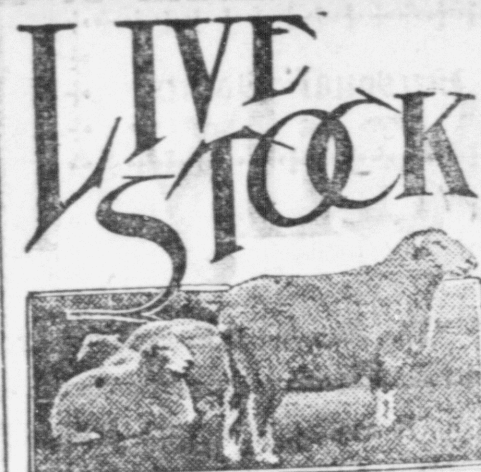

Avoid unnecessary labor by conven-
ient arrangement of equipment and
rooms and through use of labor-saving
devices.

Other points which deal principally
with mechanical topics are included in
the recommendation, all of which have

Exterior of Well-Equipped Dairy
House.

a sound basis of investigation and ex-
perience. By issuing a monthly letter
on timely matters to the milk trade,
the dairy division seeks to raise the
plane of milk handling efficiency. It
makes official information available to
those who are able to put it into im-
mediate use and should assist in re-
ducing operating costs as well as
waste of dairy products.

SHEEP CLUB BOY'S PROFITS

Investment Paying 200 Per Cent In-
duced Farmers to Take Renewed
Interest in Industry.

(Prepared by the United States Depart-
ment of Agriculture.)

Late in the fall of 1917, George Ir-
win of Henry county, Indiana, and
nine other boys in his neighborhood
organized a sheep club. A few inter-
ested stockmen and the local bank
made it possible for the club boys to
secure one pure-bred ewe apiece. Each
boy gave his note to the bank for the
purchase price of his sheep.

In the summer of 1918 George Irwin
presented the following statement of
his work and investment:

Disbursements.

Cost of 1 ewe \$18.00
Feed 6.25
Interest on note .72

Total cost \$24.97

Receipts.
1 ewe (inventory) \$18.00
1 lamb (sold) 25.00
1 lamb (sold) 22.50
Wool (sold) 6.50

Total receipts \$72.00
Total cost \$24.97

Profit \$47.03

Investments paying 200 per cent
were worth looking into decided the
farmers who lived in the locality of
this club, and interest in sheep rais-
ing increased.

Another boy in the Henry County
club has developed a flock of 30 ewes,
and plans to have more. His father
has become so interested in his son's
work that, although the boy is rather
young, he is allowed to go to sales
and to do his own bidding on pros-
pects for his flock. Practically all the

Sheep Club Members Exhibiting
Their Animals.

boys engaged in the sheep-club work
are keeping their foundation animals
and at the same time are adding to
their stock.

Previous to 1918 there were but few
boys and girls organized into sheep
clubs under the supervision of the de-
partment of agriculture and the state
agricultural colleges. With the high
price of wool and mutton, the sheep
project, however, has become increas-
ingly popular. Last year 257 such
clubs were organized with an enroll-
ment of 3,613 members. During the
year 8,005 lambs were raised by these
young people and 2,006 pounds of wool
were marketed. The total value of
the flocks at the end of the year was
\$131,173.40; the initial cost of the
sheep, together with the expense of
feeding them, was \$37,082.82; the total
profit made by the boys and girls who
were members of the sheep clubs and
who continued the work throughout
the year was \$94,090.58. The results
the boys have been getting have
opened the eyes of their fathers. The
boys and girls in the sheep clubs are
demonstrating in every state that
sheep are profitable if well handled.

LIVE STOCK NOTES

A self-feeder assists in economical
pork production because it prevents
waste.

If there are no trees in the hog lots,
it will be necessary to provide artifi-
cial shade.

There is no way we can make pork
faster than to turn the hogs out into
a field of clover.

A permanent, well-built dehoring
chute is much more satisfactory than
a portable one.

When pigs are kept free from par-
asites it is not hard to get them to
grow at weaning time.

It would be a good idea for each
farmer to raise a few calves and get
the benefit of higher prices likely to
prevail.

Tobacco dust or stems chopped fine
and placed where sheep and lambs can
always have access to them will help
prevent stomach worms.

**Watch Your Blood Supply,
Don't Let Impurities Creep In**

Pure Blood Means Perfect
Health.

The average druggist has handled
hundreds of medicines in his day,
some of which have long since been
forgotten.

But there is one that has been sold
by the druggists throughout this
country, for more than fifty years,
and that is S. S. S., the reliable blood

medicine, that is purely vegetable.
Many druggists have seen wonderful
results accomplished among their
customers by this great old medicine,
and they know that S. S. S. is one of
the most reliable blood purifiers ever
made. Keep your blood free of im-
purities by the use of this honest old
medicine, and if you want medical
advice, you can obtain same without
cost by writing to Medical Director,
Swift Specific Co., 28 Swift Labora-
tory, Atlanta, Ga.

**What Is
Economy?**

Progressive farmers
insist on our Buck-
eye or Michigan wire
fence. They know
that these fences
combine the two es-
sential points of a
good buy.

First—Their quality
is unexcelled. Eith-
er the straight stay
or hinge lock can be
had in an exception-
ally durable fence.

Second — The price
is very reasonable.
Our fence is being
sold at an unusually
low rate now.

Don't fail to come
and see our large as-
sortment before you
buy.

Autobiography of a Hog, No. 2

"My Boss named me Ink because I ran out of a pen.
"One day my Maw gave down in her back my cousin broke
his leg and I got stomach and intestinal worms. The Boss
bought some Hog Remedy for what ailed all of us. It worked
on nothing but his pocketbook.

"When not rooting and mining around eating grass and
hard corn I spent a good deal of time in an old-fashioned hog
wallow. I often wished for a clean wallow and pure water to
drink.

"Jess Winkler called one day to talk about the proper care
and correct feeding of swine. The Boss told Jess to button up
his mouth, as he was an old-fashioned corn feeder."

—Manford Johnson of near Milroy spent the afternoon here on business.
—Miss Gertrude O'Brien of Connersville visited friends here last evening.
—Bert West of the Little Flatrock neighborhood visited here yesterday afternoon.
—Chester Williams of New Salem was an Indianapolis business visitor this morning.
—Mr. and Mrs. Walter Brodie of near Clarksburg were shopping here this morning.
—Clifton Stamm of near Andersonville was a business visitor here this morning.
—Edgar Logan of Richland township was a business visitor here yesterday afternoon.

Have you ever heard this?

"My baking powder," says the smooth solicitor, "costs less than Royal."

But he omits to say that it often leaves a bitter taste, that food made with it is likely to stale in a day and that it contains alum, which is condemned by many medical authorities for use in food.

England and France prohibit the sale of alum baking powders.

ROYAL Baking Powder

is made from Cream of Tartar derived from grapes

Royal Contains No Alum—
Leaves No Bitter Taste

—Charles Wilson of Noble township spent yesterday afternoon here on business.
—Mr. and Mrs. E. W. McKibben of near Arlington were visiting here late yesterday afternoon.
—Miss Mayme Kuntz returned here yesterday after a visit with her parents near Connersville.
—John Jackman of Milroy was here on business this morning while on his way to Indianapolis.
—Charles Steele of Newcastle was here for a short time this morning on his way to Connersville.
—L. L. Endres went to Indianapolis today to attend the meeting of the Indiana Manufacturers association.
—Luther Clark and family, of Franklin, Ky., are visiting Mr. and Mrs. G. G. Clark of this city, for a few days.
—Paul Dewester of the Little Flatrock neighborhood was a business visitor here this morning for a short time.
—Mrs. Charles J. Wilson of Hammond, Ind., will arrive tomorrow to be the guest of her daughter, Mrs. Charles F. Wilson, and family.
—Dr. P. H. Chadwick and Dr. R. E. McClannahan went to Liberty, Ind., today to attend the Eastern Indiana Dental Association meeting this afternoon and evening.

Days Pickings

Miss Charlotte Norris who has been seriously ill at her home in North Main street, is reported to be improving.
The Rev. Mr. Nelson, of Indianapolis, will give an illustrated lecture at the Gowdy M. E. church, Saturday night, April 19.
The B. Y. C. D. of the Baptist church will give an ice cream social in the basement of the church Friday evening. The public is invited to attend.
Mrs. Matilda Reed, of Orange township, was taken to the Deaconess Hospital in Indianapolis, yesterday, where she will undergo an operation.
The funeral services of Gary Armstrong who died at the home of his sister, Mrs. Joseph Amos, near the city, were held this morning at the Main Street Christian church and burial was made in the East Hill cemetery.
The funeral services for Marion Vandever, eleven-year-old son of Mr. and Mrs. Emory Vandever living near Fairview, will be held Thursday morning at 10 o'clock at the Fairview church and burial will be made in the Fairview cemetery.
The funeral services of Peter Johnson, colored, who died at his home in East Eleventh street yesterday morning, following an illness of ten weeks duration, will be held Thursday afternoon at 2:30 at the late residence and burial will be made in East Hill cemetery.

Mrs. Forrest Glidewell, who has been seriously ill following an operation at the Memorial hospital at Connersville, has been moved to the home of Mr. and Mrs. C. D. Snyth in North Arthur street in this city, where she is slowly recovering. Mrs. Glidewell is employed at the Express Printing Company in Connersville as a linotype operator.

BEFORE OR AFTER INFLUENZA

By Dr. M. Cook

The cool fighter always wins and so there is no need to become panic-stricken. Avoid fear and crowds. Exercise in the fresh air and practise the three C's: a Clean Mouth, a Clean Skin and Clean Bowels. To carry off the poisons that accumulate within the body and to ward off an attack of the influenza bacillus, take a good liver regulator to move the bowels, such as Castor Oil or a pill made up of May-apple, leaves of aloe and root of jalap, to be had at any drug store, and called Dr. Pierce's Pleasant Pellets.
The system should be built up by the use of a good iron tonic, such as "Iron-tic" tablets, to be obtained at some drug stores, or that well known blood-maker and herbal tonic made from roots and barks of forest trees—sold everywhere as Dr. Pierce's Golden Medical Discovery.
For a tonic that will freshen up the blood, clean the digestive tract and put new force and vim into you, I know of nothing better than Dr. Pierce's Golden Medical Discovery—and it contains no alcohol or narcotic so is perfectly safe to take.

Grand Rapids, Wis.—"I have used Dr. Pierce's medicines and found them very beneficial. I had stomach trouble for about eight years. Had to be very careful what I would eat or I would be down sick. I suffered something terrible about a year ago. I started to take 'Golden Medical Discovery' and two bottles put me in fine condition. I can eat anything and do not feel distressed. I had taken many medicines previous to this and had doctors prescribe for me, but nothing seemed to give me any relief until I started taking this medicine and it gave me great relief. I take pleasure in recommending it."—Mrs. Emil Ostreich, 212 14th Ave. North.

All Ready for a Spirited Easter Selling

Right now when the majority of women and girls are seeking smart capes, coats, dolmans, suits and dresses for Easter, our Ready-to-wear department is best prepared to prove its service of economy. Quick selling and slender profit margins permit unusual savings on everything that comprises the fashionable Easter outfit.

Women's and Misses' Women's and Misses' Women's and Misses' Women's and Misses'

Capes for Easter
\$17.50 to \$45

Our Ready-to-wear department keeps a watchful eye on the changing fashions and its constant aim it to permit the very newest things first at prices within the reach of the most economical purse.
New Capes and Dolmans will arrive daily this week.

New Spring Suits
\$25.00 to \$60

Rush County's Part

There should be no difficulty for Rush county to subscribe her quota of \$825,000 on the Victory loan because the allotment is much smaller than that raised in the Fourth loan and for the additional reason that conditions are much more conducive to subscribing than ever before.

Although, in one sense of the word the patriotic appeal is not as great, since actual fighting has stopped, it would hurt the pride of Americans if anyone should suggest that they started something they could not finish. Yet this would be the situation if America should fail to meet her obligations on this final government appeal for funds to bring all the boys back to home soil.

And since the government has assured us that it will be the last call for money in the shape of a loan, it would be unlike the true spirit of the people of this country not to respond quickly and liberally. They know that the Victory loan is the final one and undoubtedly they are ready with wide open purses to subscribe to their utmost to see Uncle Sam through to the finish.

The character of the bonds and the high rate of interest make it certain that subscribers to the Fifth issue will be found more readily. The short term notes which the gov-

ernment will issue are regarded as a better investment than that offered in any Liberty loan. Many predict that Victory bonds will be selling above par in a very short time which, aside from the other extra inducements, should be enough to guarantee the sale of the issue.

What is Labor?

The Labor Party in politics is now more than a project. It has already taken official part in municipal elections.

The Prohibition Party, the Socialist Party, and others have been with us for a while, besides the two great divisions of political thought. But all of these have been alike in one feature of their purpose. Professedly, at any rate, their aim has been the weal and security of the whole country. They claimed that their policy was the best for America—not for themselves exclusively.

The Labor Party makes no such profession. It disclaims any interest in the prosperity of the nation. It is the advancement of one section only that its adherents demand, the one to which they belong. America, as a sovereign people, may go to the everlasting bonfire.

Their very name indicates their contempt of patriotism. Parties often profess it without practicing it, but here the very profession is absent. American cannot prosper if chemists cannot, or scientists, architects, structural and mechanical engineers, analysts, actuaries, draftsmen, surgeons, geologists, surveyors—the list is endless. And the ranks of labor, apparently, include none of them.

The darkest mystery in their creed arises from the confusion of definitions. What is a laboring man? One who does not work with his brain? If so, all the skilled trades are at once eliminated. Or one whose work involves extreme physical exertion? This excludes the watchmaker, the engraver, the compositor, and a host of others. Well then, admit the watchmaker and all others who perform skilled manual work. This admits the linotyper, the bookkeeper, the stenographer, the chemist, and everybody else. Even a salesman undergoes more physical exertion than a linotyper.

The longer you look at it the funnier it gets.

Sap and Salt

Hez Heck says: "The man who operates a successful home garden is seldom seen in the hammock or on the front porch."

The Chicago Great Western Railroad has adopted French twins, who are coming to this country with the 13th R. R. Engineers. It never occurred to us to picture a railroad as a tender parent, but it will probably be very gentle in taking care of these two pretty little girls, Aline and Denise Chicago-Great-Western-Railroad.

Woman's place may be in the home. But if she had stayed there, what would have become of the Red Cross and the canteen work and the emergency driving?

If Easter eggs could only hatch, what a variety of beautifully colored and patterned chickens we should have!

Digest of New Indiana Laws
By Charles Kettleborough.

PROSECUTING ATTORNEYS, ACKNOWLEDGMENTS. An act approved February 26 authorizes prosecuting attorneys to take acknowledgements of deeds and other instruments in writing, administer oaths, protest notes and checks, take depositions and perform any other duty now conferred on notaries public by the laws of Indiana. Each prosecuting attorney exercising any such duties is required to have a seal and to append to each instrument the date of the expiration of his commission; his jurisdiction is co-extensive with the state and he is entitled to the same fees as notaries.

PARTITION OF LANDS—SALE. The law concerning the sale of lands of which a partition is demanded was amended to provide that if within 30 days after the sale of any such land, a bid is received by the clerk of the court, 10% higher than the sale price, accomplished by a bond 20% higher than the bid, the land must be re-advertized and resold. Only one such re-sale may be had and the purchaser of the land at the first sale has tenant rights in all crops planted on such lands after the first sale and prior to the second sale.

WANT ADS BRING RESULTS

Advertising Life Insurance

A life insurance agent in one of the New England states tried the experiment of running a continuous advertising campaign in his home newspaper.

His business that year was not only the largest he ever did, but among all the company's agents, this man stood second in the number of policies written and fourth in the amount of insurance written.

The advertisements were not large in size, but they were carefully written and prepared with a definite plan and campaign in view.

The results were so astonishing that the company issued a bulletin to all its agents suggesting that they advertise in the local newspapers and promising to advise and help them in the preparation of copy.

BUILD NOW!

Time, opportunity and need—all beckon you to build now. Promote the home beautiful and community beautiful plan, start local activities in trade, employ labor—especially the returning soldiers and sailors looking for occupation. It's the patriotic thing to do, it's the sensible thing to do, it's the profitable thing to do. Our community has grown a little bit shabby; it has halted somewhat in its progress. No fault of ours. The government during the war

withheld the use of building materials. The ban is now removed. Unless we get busy now, if we do not progress, then the fault will be ours. It's up to you investors and home builders. The need is great for new homes, new and modern office buildings and stores, sanitary factories. Put money in circulation, employ labor. It will make our community prosperous, interesting, active, progressive and return to the investor remarkable dividends.

Build - Paint - Repair NOW

WHY?

- 1—There is no evidence of a Decline in Prices.
- 2—To secure the **Best Mechanics** before they are all engaged.
- 3—To have advantage of **Unbroken Stocks** of material before they are depleted.
- 4—To **Employ Labor** and thus tide over the few months until industry is readjusted.
- 5—For **Your Own Satisfaction** in possessing what you desire **Now**—not waiting until some future time for the consummation of your aspirations.

Finally—All the buildings and operations deferred in the last ten years on account of high prices have invariably been completed later at still higher prices.

WHAT?

When you build you should give very careful consideration to Electric Power and Light.

WHY?

Electricity will do more than any other one thing to make your home a more pleasant place in which to live.

HOW?

Electric Lights, Electric Automatic Water Systems, Electric Sweepers, Electric Irons, Electric Washers, Electric Dishwashers, and Electric Motors to operate all the small machines that are usually operated by hand.

WHICH?

Whether you Build New, Remodel or Modernize the present home, you should investigate

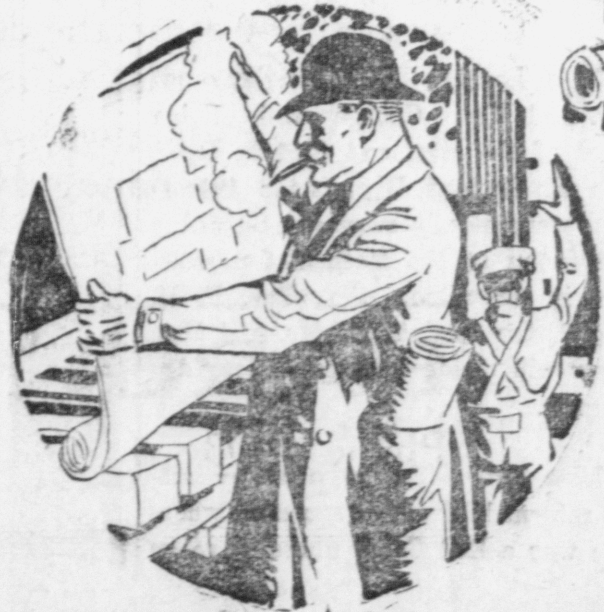

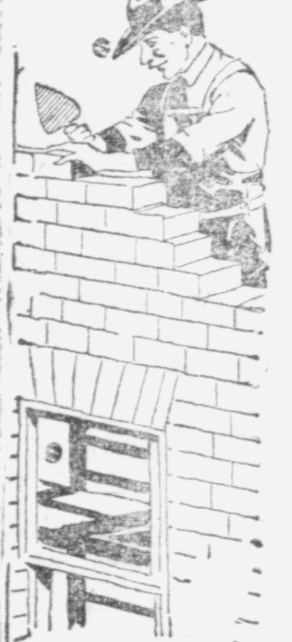

DELCO-LIGHT

Because Delco-Light means dependable electric service at a reasonable cost. This service is assured you by the fact that there will always be a Delco-Light representative in Rush County.

WHO?

Delco-Light Products

F. D. OGBORN, Dealer

Society

Mrs. Bert Mullin will be hostess for the Auction Bridge club tomorrow afternoon at her home in North Perkins street.

The regular monthly meeting of the D. A. R. will be held with Mrs. William Dil, 623 North Morgan street, tomorrow afternoon at two o'clock.

The Wiling Worker's class of the St. Paul's M. E. church will meet tomorrow afternoon at 2:30 o'clock with Mrs. Matilda Worth, 206 East Eighth street.

The regular meeting of the Grand Club which was to have been held tomorrow afternoon, has been postponed until next week, on account of the death of Robert Hinchman.

Covers were laid for six guests when Miss Frances Neutzelhizer entertained Monday evening at her home in East Ninth street. The occasion was her birthday anniversary.

Invitations have been issued for a Bridge party to be given Friday afternoon by Mrs. Herman Tompkins and Mrs. Harry McMillin, at the home of the former in East First street.

About sixty couples attended the dance given last evening in the Modern Appliance building in West Third street. The Mitchell orchestra of this city furnished the music for the evening.

A business meeting of the Loyal Women's class of the Christian church was held at the home of Mrs. D. H. Dean in North Main street, last night. Many business questions were discussed at this time.

The Catch-My-Pal class of the First Presbyterian church held their regular meeting last evening at the home of Miss Myrtle Jackson in North Sexton street. The regular business and social program was carried out.

Mrs. William Offutt entertained the members of the Rebekah Crochet club yesterday afternoon at her home in East Sixth street. The afternoon was spent socially over the various needlework and light refreshments were served.

Mr. and Mrs. Hugh Mauzy entertained twenty-eight members of the pitch-in club last evening at their home in North Perkins street. The rooms were decorated with spring flowers and a delicious pitch-in supper was served at seven o'clock.

The Ben Davis Creek Missionary Society will observe the week of prayer with a meeting at the church on Friday afternoon at 2:30 o'clock. An excellent program has been arranged under the leadership of Mrs. Ruth Hasselby and a good attendance is desired.

The S. E. T. club was delightfully entertained by Mrs. Chauncey Duncan yesterday afternoon at her home in North Perkins street. The afternoon was enjoyed by the members over their needlework and at the close of the afternoon the hostess served a dainty luncheon.

The members of the Loyal Daughters class of the Main Street Christian church held a social meeting last evening at the home of Miss Grace Billings in East Eighth street. The chief amusements for the evening were music and contests, and dainty refreshments were served at the close of the evening.

Miss Loretta Rill, daughter of Mr. and Mrs. George Rill, living west of the city, and Carl E. Dyer, son of Thomas Dyer, near Arlington, were quietly married Saturday afternoon at the Methodist parsonage in Arlington, the Rev. F. M. Westhafer officiating. Mr. and Mrs. Dyer will reside on a farm near Arlington.

Miss Ruth Dillon, who has recently returned from overseas where she was a Red Cross nurse, gave an

interesting talk on her experiences while abroad, before the Ladies Missionary Society of the First Presbyterian church, yesterday afternoon, which met at the home of Mrs. Gunn Haydon, in North Main street. Aside from the talk the regular program was carried out.

Mrs. Will Meredith entertained the members of the Dunning Music Study class last evening at her home in North Morgan street. After the program which was in charge of Miss Rosaline Reed, election of officers took place. Deryle Case was elected president; Margaret Herkless, first vice-president; Mildred Boys, second vice-president; reporting secretary, Rosaline Reed, assistant, Estelle Poston; recording secretary, Louise Pitman; treasurer, Churchill Allen; assistant, Kenneth Craig. A social hour followed the election of officers, in which all the members participated, at the close of which dainty refreshments were served.

PEACE NOT OVER: IS FULL OF PERILS

Continued from Page One
Italian Adriatic aspirations. Her demands are based on secret treaties, which most of the allies and particularly America regard as nullified by the armistice terms and fourteen points.

Considerable interests were still evident in Japan problems as the result of the defeat of her racial equality amendment to the league of nations covenant. It is known that Japanese delegates fear political demonstrations at home and

LADY GEORGIANA BUCHANAN

Lady Georgiana Buchanan, wife of the British Ambassador to Russia, has not severed her connection with that country, although events forced her to leave it. At Chesham house, the old Russian embassy, she has established workrooms where refugees from Russia are enabled to earn a living.

cables were sent this government for instructions.

Information is now in the hands of the allies indicating that all important political factions in Russia have aligned themselves with the Bolsheviks in opposing intervention.

PRESIDENT FACES PERILOUS FUTURE

Most Difficult Details of Political Career Ahead of Him—Hope to Sail in May

Washington, April 16.—President Wilson's return home next month will find him facing some of the most difficult detail of his political career. His present plan prevents his return until the peace treaty with the league of nations covenant is disposed of.

As much as can be ascertained in the state of things, his program is as follows: He will remain in Paris to sign for the United States the peace treaty with Germany. He is extremely desirous of this.

He hopes to sail early in May and plan to announce the time of the extra session of congress just before sailing.

URGED TO COMBAT SUCH PROPAGANDA

Continued from Page One
be offered, he stated, and if there are any others, the banks will be called on to absorb them.

"The government not only expects, but very much desires that the Victory loan bonds be distributed among a many people as possible," he declared. "If the banks subscribed for the whole loan, it would not only stop the expansion of business, but the banks would have to call in their loans. This would stop business, which is just now recovering from the effects of the war."

LIVE MERCHANTS USE THESE COLUMNS

MAUZY'S--Home Journal Patterns

54 inch All Wool Navy Blue Serges for Capes -----\$2.00, \$2.50, \$3.00

TO HOLD DEBATE ON
LEAGUE OF NATIONS

Indiana Manufacturers Association
Will Hear Discussion at Annual
Banquet Tonight.

JOHN BARRETT TO GIVE TALK

Indianapolis, Ind., April 16.—The league of nations and the Pan-American conditions were to be placed before the Indiana manufacturers association in its annual convention here today.

Wharton Pepper of Philadelphia director of the League for Preservation of American Independence was scheduled to oppose the pro-

posed league and the League to Enforce Peace was to send a man to answer his arguments—probably Sen. Poindexter.

John Barrett, director of the Pan-American Union was to talk about Pan-American conditions as they relate to Indiana manufacturers. The subject of Barrett's address is "The Relation of the South American Republic to Indiana Manufacturers".

The debate on the league of nations was to be held tonight at a banquet.

WIFE DESERTION CHARGED

Tom Addington, Farm Laborer, is Returned to Anderson.

Tom Addington of Anderson, who has been employed in this county as a farm laborer, was returned to his former home yesterday evening by a Madison county deputy sheriff to answer to a charge of wife desertion. He was arrested by the authorities here on a bench warrant received from the Madison circuit court and detained in jail until the deputy sheriff arrived. Addington was employed by Casper Johnson on the Harrie Jones farm southwest of the city.

Pre-Easter Service at
Christian Church Thursday

At the Main Street Christian church Thursday evening the Women's Missionary Society will have a pre-Easter service at which the following program will be given, and to which an earnest invitation is extended to all:

Prayer.
Song—No. 12.
Scripture—Matthew 28: 18-20.
"The Day of Fellowship"—Mrs. Walter Frazee.
Solo—Miss Edith Brown.
"The Home as a Religious and Social Center"—Mrs. Roy Waggener.
Song—No. 198.
Sentence Prayers.
Duet—Mrs. Derby Green and Mrs. Earl Moore.
"Answering the World Call by Religious Education"—Gladys Chadwick.
Song—No. 204.
Prayer.

Mrs. Elizabeth Ross more familiarly known as "Mother Ross" will speak at this service also.

On Friday afternoon at 2:30 o'clock prayer meetings will be held at the following homes:

Hostess, Mrs. Charles Green, leader, Mrs. Harriet Zimmer; hostess, Mrs. Boone Power, leader, Mrs. Albert Allen; hostess, Mrs. Greely P. Mauzy, leader, Mrs. P. H. Chadwick; hostess, Mrs. Emma Talbot, leader, Mrs. George Thomas.

GRAND CANYON WILL
BE MADE TO WORK

\$12,000,000 Plant Will be Built
That Will Make the Turbulent
Waters Furnish Power

FOR ARIZONA'S UTILITIES

(By United Press.)

Phoenix, Ariz., April 16.—The Grand Canyon of the Colorado, long a nationally famous pleasure ground like Niagara must go to work.

That is the edict of James McGirand, chief engineer of the Grand Canyon Water Development Company, who has completed engineering details of a \$12,000,000 project to make the turbulent waters supply all of Arizona's power demands.

His plan calls for building of a 220 foot dam at the mouth of Diamond Creek, in the Grand Canyon—the structure to be but slightly smaller than the famous Roosevelt Dam.

It will furnish sufficient hydro-electric power, he estimates to electrify 500 miles of the Santa Fe railway company's main line in Arizona and to take the place of coal and oil for generating power in every Arizona mine.

PROGRAM FOR GLEE
CLUB IS ANNOUNCED

Indiana University Musical Organization Will Give Concert at
Graham Annex Tonight

HEADED BY DWIGHT VANOSDOL

A college glee club concert furnishes an entertainment that pleases for the enthusiasm of the young people coupled with splendid training makes the heart stir with emotions. The concert tonight at the Graham Annex Auditorium at 8 o'clock, by the Indiana University Glee Club will be one that you can not afford to miss. The "Jazz Band Revue," the flute solo, the vocal solo, the specialty acts, the ensemble singing of the Club, and the presence of Dwight B. Vanosdol, the president of the organization, are all features that will meet hearty approval. The doors will be open at 7:30 o'clock.

The program for the concert follows:

- 1.—"Just a Song at Twilight,"—Molloy-Holcomb. Glee Club
- 2.—Flute Solo, "Nightingale Serenade," Frank Reed
- 3.—"Allah's Holiday,"—Friml. Glee Club
- 4.—"Love Bells,"—Dorel. Roger Dailey
- 5.—"Tales of Hoffman"—Offenbach-Spicker. Glee Club
- 6.—"Two Black Crows,"—Dudley Smith and Earl Douthitt
- 7.—"Swing Along,"—Cook. Glee Club
- 8.—Flute Solo, "Serenade"—Curne. Frank Reed
- 9.—Piano Specialty, Johnnie Johnson
- 10.—"We Love You—Indiana"—Helen B. Faris. Glee Club
- 11.—Indiana Songs. Glee Club

MANILLA EASTER MEETING

The Manilla Christian church will hold an all day meeting Sunday in observance of Easter. A basket dinner will be served at noon in the basement of the church, which is especially fitted up for such events. The meeting will be in charge of the regular pastor, the Rev. Frank Sumner of Indianapolis.

The Tuesday evening prayer meeting at Hopewell was well attended.

Amusements

"The Probation Wife"

"The Probation Wife," Norma Talmadge's latest Select Picture, in which she is presented by Joseph M. Schenck, is being shown at the Princess theatre tonight. It is the story of the inmate of a notorious cafe, who later reforms through the love and trust of a good man.

Josephine, or Jo as she was called was one of the most important attractions of the Domino Cafe, Harrison Wade, a wealthy New Yorker, sees her here and gives her money to escape. She is discovered, and before she gets another chance to escape the place is raided. Jo and the other cabaret girls are sentenced to three years in the reformatory. After two years of imprisonment, Jo manages to escape.

Jo decides that the only way to advance and get the things in life that are worth while is through some man—the only way she had ever been taught. So she boards a train for New York, ever on the alert for the helpful man. She discovers him in the next compartment. He proves to be no other than Harrison Wade, the man who had tried to help her escape.

Wade believes there is some good in the girl and marries her, much to her surprise. Jo calls herself Wade's probation wife. They live very happily until Jo meets Huntley McMerton, a prominent and wealthy New Yorker. They become very friendly. Wade thinks they are in love with each other, and prepares to bring divorce proceedings when he finds his wife in the arms of McMerton. Explanations follow and happiness is in store for all.

"Jane Goes A-Wooing," featuring Vivian Martin will be shown tomorrow.

Margarita Fisher at Mystic

"Money Isn't Everything," featuring Margarita Fisher, is the offering at the Mystic theatre tonight. The natural charm and vivacity of Margarita Fisher is too well known to the lovers of motion pictures to need repetition here. Critics say that she presents some of her very best and most versatile work in the comedy drama "Money Isn't Everything," released by the American Film Co., Inc. Miss Fisher is known as the

lassie with the nerve of iron. Quite recently she visited an aviation camp with others on a patriotic mission. There she accepted a dare and took a ride in an aeroplane which was her first experience but will not be her last.

When she alighted, she was enthusiastic over her flight and said instead of a new automobile, she is going to dicker for one perfectly good aeroplane.

WHEN, HOW TO PLANT CROPS IN THE GARDEN

Common garden crops are divided by the United States Department of Agriculture specialists into four groups as regards the time of planting them in open ground.

The first group includes the vegetables that will withstand consider-

able frost and which may be planted two or three weeks before the danger of frost is past in the spring. The second group, or semi-hardy crops, may be planted a few days before, or about the time, that the last killing frost is likely to occur. The third group, those easily killed by frost, should not be planted until all danger of frost is over. The fourth group, the heat-loving plants, should never be planted in the open until both the soil and the air are thoroughly warm.

HEADS OF R. C. HOLD HIS ADDRESS TO BE MEETING IN CANNES MEMORANDUM REPLY

Conference Is Mapping Out a Universal Health Program to be Adopted by Nations.

Lloyd George to Lay Case of British Peace Delegates Before House of Commons Today.

STATES ALL IS GOING WELL

Heads of the Red Cross of America, England, France, Italy and Japan are now attending a conference, in Cannes, France, which is second only in importance to the meeting at Versailles, at which the League of Nations will be formed.

With Henry P. Davison, as head of the conference, are meeting Sir Arthur Stanley, president of the British Red Cross, General Paul Pau, president of the French Red Cross, Gustave Ador, president of the International Committee of the Red Cross, Giuseppe Frascara, president of the Italian Red Cross, Baron Tadanori Ishiguro, president of the Japanese Red Cross, and a number of health experts from the five nations.

The conference is mapping out a universal health program, to be adopted by nations of the world. Measures for handling problems of world relief in emergencies such as fires, famine and pestilence, sound ways in which the public health may be improved, and ways to relieve all human suffering and distress are being planned. The program adopted cannot help but largely influence any plans for the League of Nations.

London, April 16.—Premier Lloyd George, who arrived from Paris, was expected to lay the case of the British peace delegates before the conservation house of commons today.

The unionist majority in common recently directed a memorandum to the premier demanding that Germany be made to pay full cost of the war. Lloyd George's speech will be a reply to the memorandum.

The premier on his arrival gave a brief statement in which he said that "All is going well."

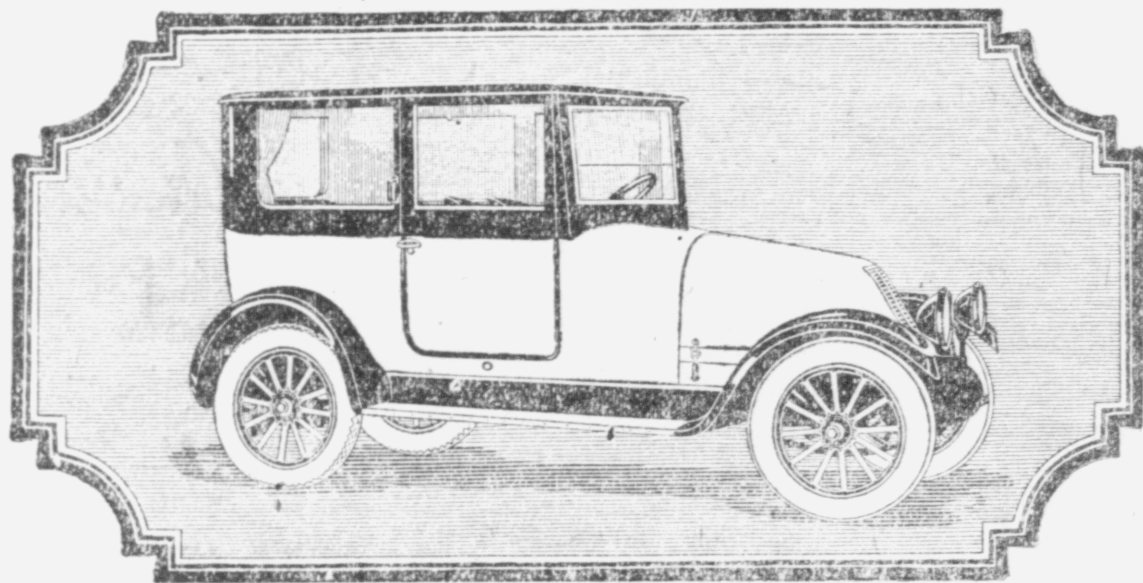

KNIGHT TEMPLAR MEETING

Rushville Commandery No. 49 K. T. will confer the Red Cross degree at three o'clock Wednesday afternoon. Dinner will be served at seven followed by the conferring of the Temple degree.

able frost and which may be planted two or three weeks before the danger of frost is past in the spring. The second group, or semi-hardy crops, may be planted a few days before, or about the time, that the last killing frost is likely to occur. The third group, those easily killed by frost, should not be planted until all danger of frost is over. The fourth group, the heat-loving plants, should never be planted in the open until both the soil and the air are thoroughly warm.

Among the crops of the first group—that may be planted before frost—are past—are Irish potatoes, smooth peas, onion sets, cabbage plants, kale, turnips, beets, lettuce and mustard. They may be planted early, because they require two or three weeks to come up. While the young plants are easily injured by frost, by the time they sprout and come to the surface frost danger is likely to be past.

Some gardeners formerly believed in planting Irish potatoes and certain other garden crops in the proper phase of the moon. No one seems to know how the old moon theory originated, but it seems to date back to prehistoric times and probably was based upon the method of keeping time by moons rather than by months. There is no definite experimental data to show

Inward Satisfaction Vs. Outward Evidences of Anxiety

Outward evidences which advertise the average motorists' anxieties are noticeably absent from the FRANKLIN SEDAN—radiator blanket, water thermometer, alcohol fumes, spare tires, shock absorbers.

Contrast the advertised worries of other motorists with the inward satisfaction of the FRANKLIN SEDAN owner. No water to boil or freeze—177 parts incident to water cooling eliminated. Half as many tires to buy—blowouts and punctures almost unknown. More miles per day and more days per year than other motorists get.

When you buy a FRANKLIN SEDAN you buy a clean bill of performance with freedom from many common worries, big and little.

SERVICE

AMERICA'S IMMORTALS

JOHN C. VILLEPIGUE, Corporal, Company M, 118th Infantry.

For unusual bravery displayed in action at Vaux-Audigny, France, October 15, 1918, Corp. Villepigue was awarded the Distinguished Service Cross. Having been sent out with two other soldiers to scout through the village of Vaux-Audigny, Corp. Villepigue met with strong resistance from enemy machine gun fire, which killed one of his men and wounded the other. Continuing his advance, without aid, 500 yards in advance of his platoon and in the face of artillery and machine gun fire, he encountered four of the enemy in a dugout, whom he attacked and killed with a hand grenade. Crawling forward to a point 150 yards in advance of his first encounter he rushed a machine gun nest, killing four and capturing six of the enemy, and taking two light machine guns. After being joined by his platoon, he was severely wounded in the arm. Corp. Villepigue's home is with his mother, Mrs. P. T. Villepigue, 1517 Lytleton street, Camden, S. C.

In Norway a bread is made largely of fish.

WHEN, HOW TO PLANT CROPS IN THE GARDEN

Continued from Page 9

the moon. Experience has shown that the point of most importance is to have the land in first class condition for planting, then proceed to plant as soon as weather conditions permit.

The dwarf or smooth varieties of English peas may be planted about the same time as Irish potatoes. Here again soil preparation is important, and the ground should be made fine and mellow before planting. Opinions differ as to the depth to which the seed peas should be covered. Some authorities claim they should be covered as much as four inches, while others maintain that two to three inches is sufficient. Much will depend, however, upon the character of the soil in which the crop is planted. If the soil is a light sandy loam and inclined to dry out quickly, the peas should be covered three to four inches. But if the soil is rather heavy and inclined to pack closely, they should not be covered more than one and one-half to two inches. The varieties of peas having wrinkled seed coats should not be planted until about two weeks after the smooth varieties. They are just a little more susceptible to injury from frost and will mature about as early if planted when the ground has slightly warmed.

In the case of certain garden crops, the investment in seed is too great for taking a chance with the weather, but with beets, lettuce and radishes a very small quantity of seed is required, and if they come through in good shape, the product will be ready for use much earlier than if the planting were delayed. About 25 or 30 feet of row will give all the early beets required by an ordinary family. Radishes may be planted in the rows with early peas. However, it will be necessary to re-

move the radishes before they begin to crowd the peas. As a rule, radishes will be ready for use in three to four weeks after planting, or just about the time that the peas have begun to make a vigorous growth. Most gardeners make the mistake of planting too many radishes, or at least of planting too many at one time and not being able to use the product.

The old-fashioned method of growing lettuce was to plant a bed along one side or in one corner of the garden, and when the plants were large enough, to thin them, using the product as needed and leaving the remainder to grow larger. This method of growing lettuce is not as desirable as the plan of growing it in rows, where it can be easily cultivated. Lettuce is very susceptible to heat, and it is difficult to grow it satisfactorily after the weather has become hot. For this reason it is best grown as a spring and a fall crop. Two or three plantings at intervals of ten days or two weeks in spring and a planting of two in autumn should be sufficient for the needs of the ordinary family.

The second group, including carrots, beets, parsnips, radishes, salsify, wrinkled peas, spinach and early sweet corn, may be planted shortly before the probable time for the last spring frost. The planting of these crops should be so timed that they will escape frost and yet be started just as early as possible. The same planting methods, should be followed as for the extremely early crops.

The third group of garden crops, or those that should not be planted until after danger of frost is past, includes cucumbers, cantaloupes, okra, swiss chard, snap beans, cauliflower and tomato plants. The time of setting tomato plants, however, will depend somewhat on whether or not they are becoming crowded in the plant bed. If they are not crowded, it may pay to delay setting them in the open ground until the air is thoroughly warmed. Little is gained by planting this class of plants in the open very early.

The fourth group of plants, commonly known as the heat-loving plants, includes peppers, eggplants, sweet potatoes and summer squash. These crops are easily injured by cold nights and periods of rainy weather, and it is always best to delay planting them until a safe period has been reached. It should be borne in mind that certain soils warm up slowly in the springtime, and that such plants as eggplant and peppers are very susceptible to injury from cold soils.

Boiling used to be a form of capital punishment in England.

JAP AMBASSADOR TO RETURN TO HIS HOME

Will go to Tokio to Hold a Conference Concerning Various Governmental Matters.

LEAVES THE FIRST OF MAY.

Washington, April 16.—Discount Ishii, Japanese ambassador to the United States will return to Japan, officials announced at the Japanese embassy today. "The Ambassador will return to Tokio for conference regarding various matters before the Japanese government", the officials declared.

The ambassador will depart the first of May. Such significance is attached to the action in view of the Japanese situation, that Tokio delegates threaten to withdraw from the peace conference.

There is some doubt among diplomatic circles that the ambassador will return to Washington.

Difficulty seems to be rapidly increasing between the United States and Japan. The report of Japanese infringements on American rights in Korea is being investigated by the government.

ACTOR UNION GETS ACTION

(By United Press.)

London, April 5. (By Mail)—Following up the recent successes of organized labor, British actors have secured a new charter guaranteeing a minimum wage, a six-day-six-hour week, payment for rehearsals, definite period of engagement, and a fair illness payment clause.

A TESTIMONY FROM A USER OF

Acme Pig Meal

"Loogootee, Ind., Feb. 26, 1919.

"Gentlemen:—My 8 pigs were 6 weeks old, and weighed 168 pounds when I commenced to feed them ACME PIG MEAL, equal to milk. These 8 pigs ate 100 pounds of ACME PIG MEAL in 24 days, and they weighed 258 pounds, making a gain of 90 pounds in 24 days, or 11 1/4 pounds per head in 24 days, or nearly a half a pound a day per head. This I consider a good gain for winter pigs 6 weeks old.

"Yours very truly,

"WM. SULT."

P. S.—You will notice that these pigs ate on an average of 15 pounds of ACME PIG MEAL per month per head, and that their gain for a period of 30 days would amount to 14 pounds and 6 ounces, and that the cost of this gain and growth was \$5.07 for each 100 pounds. I contend that there is no other ration that would produce an equal growth on weaned pigs at this cost.

Janesville Shaft-Drive Planter

WHAT a feeling of satisfaction it is to pull into the field that you spent so much time and work on and just drive and drive with that click, click, click of the dropping kernels never ceasing until you raise the marker for the last time, and you haven't had a bit of trouble!

Here is a planter that does the corn planting on time, no delay, and with as much accuracy as any other planter you can buy.

The Janesville Shaft-Drive Planter does away with all springs, dogs and gumming-up and clap-trap fixings that may hold you up just long enough when they get out of order to let a spring rain throw you back a week. The secret is in the shaft drive. It runs in a bath of grease, free from dust and gumming.

Change as you go along, without stopping, two, three or four kernels in a hill. A foot lever throws it from a check planter to a drill planter. Equipped with sight feed—you see every hill as it drops. Fertilizer or Cow Pea attachment can be attached.

GOOD ROADS

NEW ROAD BUILDING PROGRAM

Amount of Money Available for Federal Aid Largest Ever Set Aside by Any Nation.

(Prepared by the United States Department of Agriculture.)

With full state co-operation according to the terms of the federal aid road act, the United States will have a total of at least \$574,000,000 for co-operative road building during the next three years. The federal part of this fund is assured by an extra appropriation of \$209,000,000 in the post office appropriation bill just passed by congress and signed by the president.

Officials of the bureau of public roads, United States department of agriculture, which administers the provisions of the federal aid road act and co-operates with the state governments in the expenditure of the money, point out that this amount of funds is the largest ever appropriated for similar purposes and for a similar period by any government in the history of the world, and that it enables the federal and state governments to carry out a road-building program of a magnitude never equaled.

In connection with the great federal-aid program it is also noted that expenditures for highway work in the United States this year are likely to amount to half a billion dollars or more. On reports received from state highway departments, the bureau of public roads estimates the 1919 expenditures for roads and bridges at \$385,000,000, or \$110,000,000 more than the average expenditures for 1916 and 1917.

An important effect of the law containing the new appropriation is that it broadens the definition of a rural post road, under which class a highway had to qualify in order to receive the benefits of the federal aid act.

Under the old act it was required that mail should actually be carried on the road or that there should be a reasonable prospect that mail would be carried on it within a short time after improvement. The new act says: "... the term 'rural post roads' shall be construed to mean any public road, a major portion of which

Traction Engine Hauling Material for Construction of Road.

is now used or can be used, or forms a connecting link not to exceed ten miles in length of any road or roads now or hereafter used, for the transportation of the United States mails, excluding every street and road in a place having a population, as shown by the latest available federal census, of 2,500 or more, except that portion of any such street or road along which the houses average more than 200 feet apart.

The new act also raises the government limit of contribution from not to exceed \$10,000 a mile to not exceed \$20,000 a mile, taking account of higher present costs of labor and materials.

The law also authorizes the secretary of war to transfer to the secretary of agriculture material, equipment and supplies suitable for highway improvement and not needed by the war department.

The original federal aid road act, which became law in July, 1916, appropriated \$75,000,000 to aid in the construction of post roads during a five-year period ending June 30, 1921, and \$10,000,000 to aid in forest-road building during a ten-year period ending June 30, 1926. Not over \$3,000,000 of the original \$85,000,000 had been expended prior to 1919, so that \$82,000,000, plus \$209,000,000, or a total of \$291,000,000 of federal funds, will be available, of which \$287,000,000 will be available during the next three years.

POOR HIGHWAYS ARE COSTLY

Economic Loss to the United States Placed at Annual Figure of \$504,000,000.

The congressional report of 1914 placed the economic loss to the United States through poor roads at an annual figure of \$504,000,000 for transportation costs alone. The heavy increase in tonnage since that time probably makes the loss today close to \$1,000,000,000 a year.

METHODISTS TOLD TO DO SOMETHING THAT IS SENSATIONAL

R. T. BURGE, MISSIONARY, SAYS CHURCH MUST KEEP PACE WITH WORLD, WHICH IS DOING THINGS DIFFERENTLY NOW, OR FALL HOPELESSLY BEHIND.

Appeals to Church to Make Supreme Effort and Sacrifice at This Time to Christianize World and Present Arms.

Plans of the Methodist Episcopal Church, South, indicate that their field of work will greatly broaden in the next few months and will include Europe and Russia. "The Methodist Church has been plodding along for many years and has made a record that every Methodist is justly proud of," said R. T. Burge, of the Siberian Commission of the American Red Cross, in a letter from Vladivostok that has just been received at headquarters in Nashville.

"It is time, however, for the Methodist Church to do something sensational and unusual. All the world is doing things differently now and the organization that cannot keep pace must fall behind. We should go into the countries of Europe and Russia, be pioneers in a work that might mean more to prevent future wars than the League of Nations. Christianize and educate the peoples of the world and there will be no more wars. But if we have harmony by threats and fear and by constant show of force, I see no reason why it might not be another question of 'a scrap of paper.'"

"But it would be madness to attempt any work in Siberia or Russia at this time. No complete or intelligent investigations can be made until order is restored, and from what I have seen it will be months before that task is accomplished. The campaign for thirty-five million dollars to be conducted May 18 to 25 will go a long way toward solving a big problem."

"Keep in mind always that the complexion of the world has entirely changed and that not only must there be complete reorganization in economic, political and social conditions, but most particularly in religious conditions."

INVEST the First day

It Wards Off Croup

Never put a croupy child to bed without giving a dose of

FOLEY'S HONEY-TAR

Mothers know it stops croup because it cuts the thick choking mucus, clears the throat of phlegm, stops the hoarse metallic cough, eases difficult breathing, gives quiet sleep.

Mrs. T. Neureuer, Eau Claire, Wis., writes: "Foley's Honey and Tar completely cured my boy of a severe attack of croup."

Mrs. Chas. Reitz, Allen's Mills, Pa., writes: "I have used Foley's Honey and Tar for the past eleven years, and would not be without it. It has saved me many a doctor's bill for colds and croup."

FROM UPPER SANDUSKY MISSION TO WORLD-WIDE SERVICE PROGRAM

Methodist Centenary Plans Great
Religious Reconstruction.

DRIVE FOR \$115,000,000
IN WEEK OF MAY 18-25

Church Must Meet Modern
Needs or Allow Radical
Movements to Assume the
Lead, Is View of World-Wide
Observers.

From an unpretentious, unheralded mission among the Wyandot Indians at Upper Sandusky, a century ago beyond the Ohio frontier, to a program of world-wide Christian reconstruction, now imperative.

This is the historical setting of the Methodist Centenary, the greatest evangelical movement ever launched in America. It is a challenge to the Christian church to meet the needs of these critical hours in world history by carrying out an adequate program to bring the message of Jesus Christ, in terms of modern, practical application to the untold millions at home and the hundreds of millions on the foreign field. It involves a reconstruction of the local church to a more adequate conception of its opportunities in the communities at home. It includes a vision of world-wide possibilities, faced by the Christian church, with the necessity of meeting them now or casting them aside for generations. Observers of world-wide conditions believe that this is a religious movement which bids fair to compel the world to attach new meanings to the words "Church" and "Religion" and "Christianity." Already out of its vision has grown an interchurch organization whose object is to greatly intensify the work which the centenary proposes.

In view of leaders of the Methodist Episcopal church, a missionary church almost from its inception, "the hour has struck" for the religious organizations of the world. Either they must carry out their mission of bringing the gospel of Christ in a practical way to the world's peoples, or they must step aside and permit some other organizations to take their place in the social leadership of the world.

The war opened the minds of the people the world around as never before, these leaders declare, and the present gives an opportunity unprecedented in the world's history, and not soon to be repeated, for the

listment of a new army of 53,000 trained Christian workers to meet the needs of the home and foreign fields; and finally, from May 18 to 25, the final chapter of this intensive work—the nation-wide financial campaign to obtain pledges for the \$115,000,000 necessary to carry out the adequate program so carefully mapped out and adopted.

Tremendous, it seems from past viewpoints, but it is not large when

DR. F. I. JOHNSON,
Executive Secretary Cincinnati Area.

DR. S. EARL TAYLOR,
Executive Secretary Methodist Missionary Centenary.

analyzed or when viewed beside the potential wealth of the Methodist church. Methodism has spent much money on its local work, but comparatively little on its foreign field, large as the gross total might seem. To meet the new quota would be almost accomplished if each member would add a cent a day to present church contributions.

Distributed among the people to be reached, the total furnishes less than

FIRST METHODIST MISSION CHURCH, UPPER SANDUSKY, O.

From the Work Begun Among the Wyandot Indians in 1819 by John Stewart Has Grown the World-Wide Mission Activities of the Methodist Episcopal Church.—(Picture from painting by F. H. Halbedel.)

church to carry its message, the only basis, they declare, upon which democracy can be made safe for the world or even for America. But the opportunity also furnishes the danger. "This is Christianity's opportunity," says Dr. Fred B. Fisher of New York, "but unless the church now leads in a commanding way, she may awake tomorrow standing powerless on a side track, while radical social democracy whirls by on the main line. It is the hour of challenge to the organized Christian forces of the world."

The Centenary project has been under way for four years and is constantly growing in its scope. It has grown as world developments have made for it the possibilities.

The first move was to make a careful and thorough survey of Methodist world needs, both at home and in foreign fields, and estimate what is needed for a five-year term to attempt in fair measure the Christianization of the 150,000,000 people in the non-Christian world for which the Methodist church is solely responsible.

The program of the Centenary embraces emphasis upon prayer life; a stewardship drive, emphasizing God's ownership of material property; en-

50 cents for the regeneration of each individual to whom the message must be taken. The most ignorant, the most debased, the most outcast of humanity is worth at least 50 cents' worth of effort on the part of a church bearing Christ's commission to all lands and all peoples, it is declared.

The central headquarters of this great movement are in New York. Dr. S. Earl Taylor, close friend of John R. Mott, is the executive secretary. To facilitate the work, Methodism was divided into 20 areas. Ohio, Southern Indiana and Kentucky form the Cincinnati area, the largest in point of Methodist membership of all the 20. The headquarters for this territory are at 74 East Gay street, Columbus, O. Dr. F. I. Johnson is the executive secretary. Associated with Dr. Johnson are many leaders of the church in this territory. In Indianapolis, at 334 Lenox Building, a separate headquarters is maintained for southern Indiana, with Dr. A. F. Hughes, president of the new Evansville college, as executive secretary.

The message of the Centenary is being emphasized by conventions, special speakers and publicity, such as has characterized no church movement in the history of the country.

Important

Victory Loan NOTICE

THE undersigned Banks and Trust Companies of Rush County urge every prospective Victory Bond buyer to call at his respective Bank or Trust Company or upon his Committee before the close of business on April 21st, and make his subscription to the Victory Loan.

As announced by Secretary Glass the issue will be closed when the total of \$4,500,000,000 is reached.

Knowing the Amount of Anticipation Certificates that have already been sold by the Treasury Department, we feel that a large percentage of these will be taken in 4½% 4-Year Victory Bonds as urged by the Government.

This is by Far the Best of the Various War Issues

Details of the Victory Loan can be had from your Banker.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off
with Dr. Edwards'
Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

BAKER MAKES STATEMENT

Not Decided Whether Americans
Will Occupy Rhineland

Paris, April 16.—Secretary Baker in an interview with a correspondent here today, said he had not yet determined whether Americans will take part in the occupation of the Rhineland. If the Americans should they will be composed of volunteers. He also announced that he hoped to return home within ten days.

In the meantime he will cooperate with the liquidation commission in handling American materials. He will probably review some of the troops.

It does not take a very large piece of land to produce all the food for a human being, and there is still enough idle land in and around cities and towns to grow all the vegetables of certain kinds required by the people of these towns.

NOTICE TO ROAD CONTRACTORS

State of Indiana, Rush County, ss: Notice is hereby given that the board of commissioners of said county, at their office in the court house at Rushville, Indiana, will receive sealed proposals for the improvement of a certain highway 2 1/2 miles in length, in said county by grading, draining and paving with concrete and gravel, as set out in the specifications, plans and profile now on file in the office of the auditor of said county, by and under the laws of the State of Indiana. Said sealed proposals will be opened and the contract awarded for said improvement on the 3d day of May, 1919.

Bids or proposals will be received up to 2 o'clock p. m. on said date. The said road to be improved is located in Center township, in Rush county, Indiana, and is to be known as the Jacob D. Todd et al. road when so improved.

Bids will be for the completion of the said improvement in accordance with the plans, profile and specifications in the office of the auditor of said county, and shall include all labor and material for said work. In no case will extra compensation be allowed for any additional work alleged to have been done by the contractor or contractors to whom is awarded the contract.

Each bid shall be accompanied by a personal or surety bond in the sum equal to double the amount of the bid filed for the work bid on, to be approved by the board of commissioners of said county. Said bond shall be conditioned for the faithful performance of the work; the sureties, if personal, shall be resident freeholders of the State of Indiana, one of whom shall be a resident of Rush county.

Said improvement will be let as a whole to the lowest responsible bidder upon affidavit of noncollusion, which must be submitted with the bid, and upon failure to submit such affidavit such proposal or bid will be rejected by the board; and the board reserves the right to reject any and all bids. Time for the completion of said work will be agreed upon after the letting of said contract by said board of commissioners and successful bidder. Given by order of the Board of Commissioners of said County.

WM. H. McMILLIN,
Apr9-16-23 Auditor Rush County.

PETITION OF BANKRUPT FOR DISCHARGE

In the Matter of Benjamin A. Cox, Bankrupt. No. 4752 in Bankruptcy.

District of Indiana, ss: On this 15th day of April, A. D. 1919, on reading the petition of the bankrupt for his discharge, it is ordered by the court, that a hearing be had upon the same on the 27th day of May, A. D. 1919, before said Court, at Indianapolis, in said District, at nine o'clock in the forenoon, and that notice thereof be published twice in the Rushville Republican, a newspaper printed in said District, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

And it is further ordered by the Court, that the Clerk shall send by mail to all known creditors copies of said petition and this order, addressed to them at their places of residence as stated.

Witness, the Honorable Albert B. Anderson, Judge of said Court, and the seal thereof at Indianapolis, in said District on the 15th day of April A. D. 1919.

RUSSIAN POLAND SAID TO BE RICH GOLD MINE

Reported That a Colossal Amount of Gold and Silver Lies Hidden in Polish Soil.

PLACED THERE BY PEASANTS

(By United Press.)

London, Mar. 28. (By Mail.)—Russian-Poland is a land of hidden treasures.

A colossal amount of gold and silver lies hidden in Polish soil, according to latest arrivals here from Warsaw. It was placed there by peasants and landowners when the German invasion began.

Much of the buried treasure was lost when Germans cleared Poland's woods. Marked trees, used to designate the location of the precious buried metal, were chopped down and taken to Germany to be used in making aeroplanes. Then they blew up the stumps.

The Poles obtained the gold when the Russians began their retreat before the German onslaught. As they left, they paid the Poles in gold and silver for supplies. When the Germans came they proceeded to seize all the gold and silver but they no more than got a start when it all seemed to miraculously disappear.

There are 175 varieties of dogs.

GERMANS TALK OF NEW REVENGE WAR

Believe Germany Was Not Defeated Militarily But Got Hungry And Sick of War.

GERMAN MIND HAS GONE WILD.

One of Results of War Lack of Respect for Law and Carelessness With Human Mind.

By FRANK J. TAYLOR
(U. P. Staff Correspondent.)

Berlin, Mar. 20. (By Mail).—German psychology has always baffled the rest of the world, or at least those who tried to understand why a German thought as he did. The world is due for a still worse baffling, if it tries to understand what goes on in the German mind today.

Mentally the German mind, suddenly thrown upon its own resources by the fall of the old system which fed people thoughts as well as food, has gone wild. Under the strain of war and due to the sudden changes, the Germans have become childlike psychologically. This is taking Germans generally.

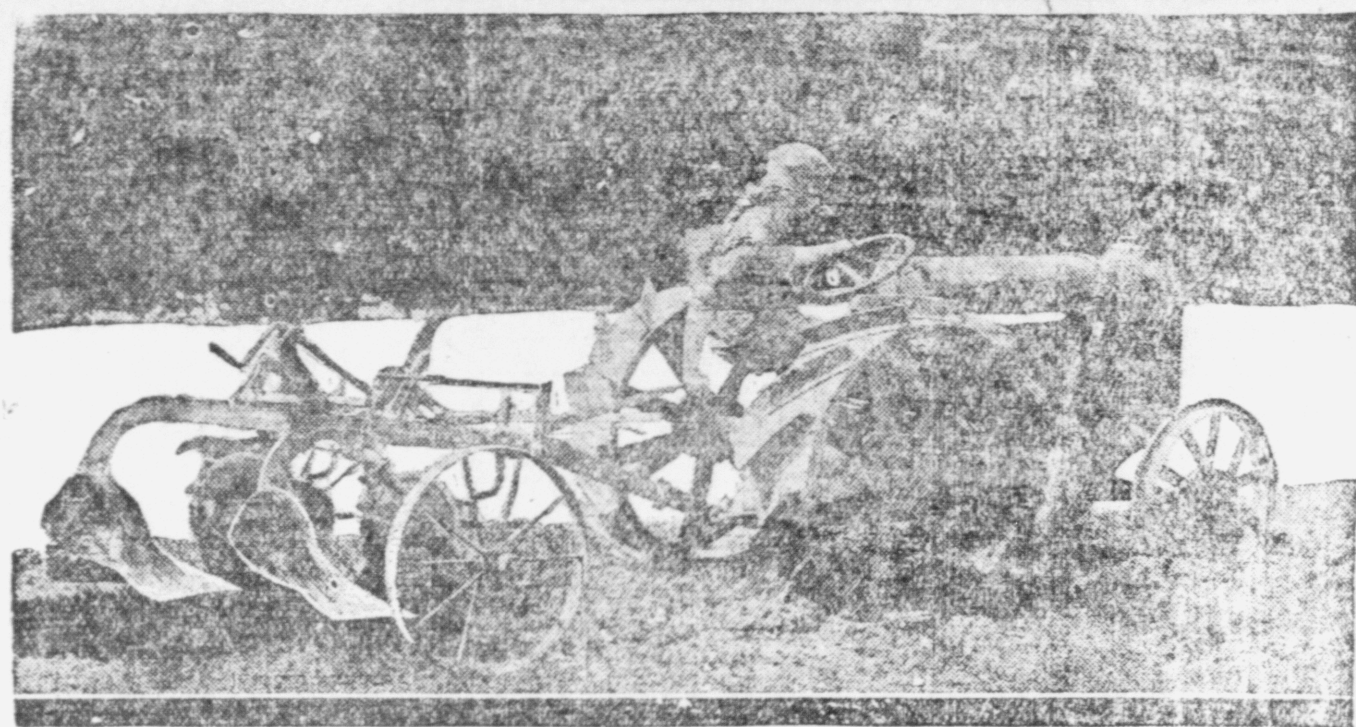

Thoughtful, serious Germans, when you occasionally find them, realize the temporary insanity, if it can be called that, under which the Germans as a nation are struggling.

It is the only way of understanding the lack of realization as to the real condition of things, a wave of which has swept Germany. No one looks farther than his nose, and every man and woman is interested entirely in his or her immediate self. There is little broad vision expressed in papers, in speeches, or in personal opinions as you hear them in Germany.

To cite specific cases. The peace and why it was signed is one of the German delusions. Practically every man, woman and child believes Germany was not defeated militarily but simply got hungry and sick of war, and therefore accepted the Entente conditions. This belief prevails in spite of the public statements of men like Erzberger, who have told the Germans their armies were defeated.

Perhaps this belief fosters the talk regarding "the next war". Not only occasionally but frequently and by all classes of people you are asked, "Well, when is the next war coming?" Often Germans go further than that, and speak specifically of the "next war with France to get revenge". There is war talk on all lips, though Germany is in a state of collapse that is almost hopeless and is entirely dependent upon the will of the Allies for her future.

How much the German believes of what he says is another matter. Probably he is out of his head, but this same disinclination to realize actual conditions as they were, led the German to support the military

The Fordson lightens farm work

IT means something to lighten the farm work these days when help is so scarce. That is where you will find the Fordson a worth-while investment.

A four-cylinder engine, a specially designed washer to purify the air that goes into the carburetor, and a kerosene burner—that's the Fordson.

Be sure you have an Oliver No. 7 Plow for your Fordson

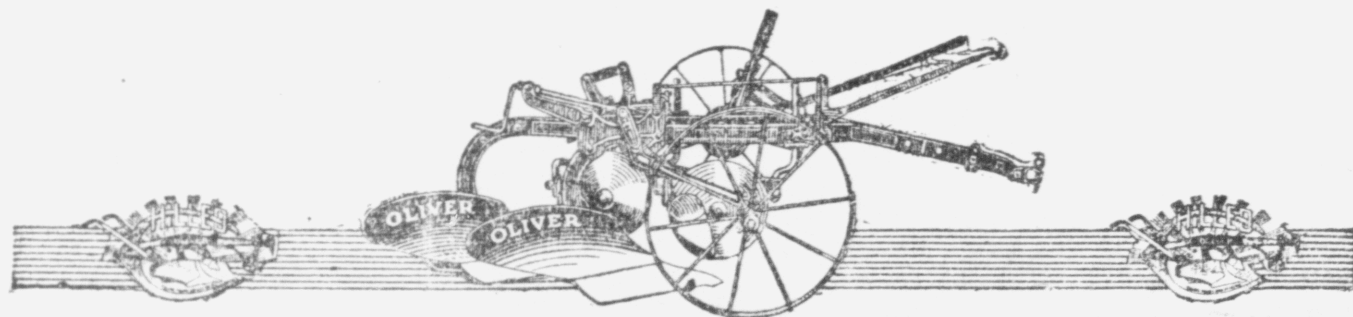

Be sure you have the best plow to go with your tractor, the plow that is designed for it. The Oliver answers every requirement that you will make of your tractor plow. It is strong and durable. Buries all weeds at the bottom of the furrow; turns a uniform furrow at all times; plows clear to the end of the field; is controlled from the driver's seat on the tractor.

Come in and see it and we'll tell you many more advantages.

class during the first four years of the war. The German apparently does not think things out any more than he did.

In his attitude regarding the Entente, the German manifests about the same breadth of vision. Papers are filled with vindictive articles, much of which is furnished by bureaus established for the purpose in Holland and Switzerland, which carry sensation rather than news.

Whether this campaign to stir up hatred is organized or not is not certain. But the fact remains that Germans are being inspired with a hatred of France that never existed before, and that makes being good neighbors the more difficult. The feeling has become vindictive over the blockade and the non-arrival of food, which all Germans expected.

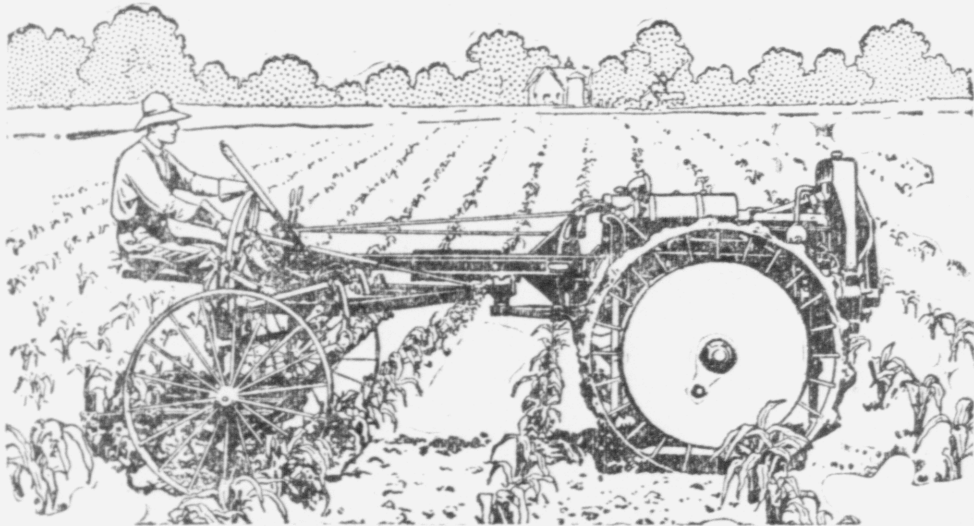

Internal questions get about the same amount of logic in their treatment. While the Government is attempting to establish order that production may improve the condition of workmen, the latter through their soviets are declaring waves of strikes, most of which are for sympathetic reasons.

It is no uncommon thing for half a dozen or more strikes to occur because one group of people demand better pay, or because a law is not passed as quickly as a certain class wishes. No doubt the conditions are bad, but the strikes for sympathy just make them worse. Employers find that workmen who have come from the front are only half as efficient, not because of the abnormal psychology under which they live now. Mentally they have become bolshevik, erratic and lazy.

This wave of irresponsibility is one of the greatest dangers Germany faces and makes the establishment of the new republic extremely difficult. The Government claims it is due to under-nourishment, which is partly true, but not entirely, since groups of men who have been well fed are subject to the same germ of loose thinking.

One of the results of the war has been the lack of respect for law and order and a carelessness with human life. It has made the Germans ready to use arms for any small issue they

ONE MAN OPERATES BOTH TRACTOR AND IMPLEMENT

One Man Cultivates 20 Acres a Day with the New

MOLINE UNIVERSAL TRACTOR

It Solves The Farm Help Problem

Due to its high clearance, 29 1/2 inches, the Moline Universal Tractor is perfectly adapted for cultivating, enabling one man to cultivate corn or other row crops, two rows at a time, at the rate of from 14 to 20 acres a day.

The Moline Universal attaches direct to the cultivator, and forms a compact unit with it that is controlled from the seat of the implement, where the operator must sit to do good work, dodging individual hills by shifting the cultivator gangs with his feet.

The position of the operator directly behind the right wheel of the tractor gives him an unobstructed view ahead. All he has to do is to keep the right wheel of the tractor a certain distance from the outside row and the whole outfit will go properly.

An electrical governor permits the engine to be slowed down to a snail's pace for turning at the ends of rows, or for cultivating the first time over.

The outfit is easily stopped, backed or turned, and does less damage in turning than horses.

The cultivator has many features which make its operation extremely easy and effective. All who have operated this outfit express surprise and delight at the ease and simplicity of operation.

Cultivating, however, is only one of all the farm operations the Moline Universal can do. It is light, but has more than enough power to pull two 14-inch plow bottoms at high speed, because all its weight is available for traction. The Moline Universal works to full capacity throughout the entire year. That's why it really replaces horses and enables one man to farm more land than was ever before possible. It is the universal tractor that does all farm work and solves the farm help problem.

There are many other features of this machine that will interest you.

FOURTEEN PAGES TODAY

URGED TO COMBAT SUCH PROPAGANDA

Township Loan Workers Are Impressed With Fact That People Not Banks Must Buy Bonds.

PLANS MADE FOR CAMPAIGN.

Judge Will M. Sparks and M. W. Lyons Speak at Conference—First Meeting Friday Night.

To combat the propaganda, "The banks will take it", stress was laid on the fact at the county conference of loan workers at the court house yesterday afternoon, that since the Victory loan is the last popular one to be attempted by the government, every effort will be made to give the issue as wide a distribution among the people as possible.

T. M. Green, county director of sales, emphasized that the workers should exert themselves even more to overcome the widespread opinion that since this is the last popular loan, if the people do not buy the bonds, the banks will take them.

Every township in the county except three was represented at the conference. Washington's chairman, phoned that no one would be present from there but the supplies would be obtained before the campaign officially opened next Monday. No one was present from Union or Noble yesterday, but these two townships were represented at the other conference held several days ago.

Mr. Green presided and Judge Will M. Sparks and the Rev. M. W. Lyons made the principal addresses. Township workers were also called on for short talks to describe conditions in their communities.

A. L. Gary, who is in charge of the speakers bureau, announced today that four loan meetings had been arranged, one for Friday evening and the other three for Sunday afternoon, as follows:

Friday, April 18, 7:30 P. M., Moscow Christian Church. Miss Hazel Bennett and Judge Will M. Sparks.

Sunday, April 20, 1:30 P. M., Raleigh town hall, Miss Hazel Bennett and Judge Douglas Morris.

Sunday, April 20, 2:00 P. M., Manilla Christian Church. Judge Will M. Sparks.

Sunday, April 20, 3:00 P. M., Osborne school house, Miss Hazel Bennett, Miss Anna L. Bohannon and Miss Frances Frazer.

Judge Sparks explained the form which will be used by canvassers this campaign and which is similar to the one used in the last drive. It is in three parts, the first to be kept by the bank for a record, the second to be delivered to the township chairman for a record of sales and the third to be given to the subscriber as a receipt.

Mr. Green explained to the township chairmen and canvassers present that it was essential to the welfare of the country that the Victory loan be purchased by the people. It is the last popular loan which will

AWAITS COMING OF PEACE

Consideration of War Time Prohibition by Wilson

(By United Press.)

Paris, April 16.—President Wilson is not expected to consider the subject of war time prohibition until after the peace is signed and something is done regarding demobilization, it was learned today. The question has not arisen in the "White House" but it was pointed out that the law depends upon the actual demobilization.

FROST PREDICTED TONIGHT

Indiana Weather Bureau Says it Will Not be Heavy

Indianapolis, Ind., April 16.—The Indianapolis weather bureau reported today that frost is probable tonight, but that it is not expected to be heavy enough to damage fruit or vegetables. A frost is expected if the weather clears early enough tonight. In case it remains cloudy frost is not likely.

BASE HOSPITAL NO. 32 IS ON WAY HOME

Two Rush County Young Men, Russell Kirkpatrick and Neff Ashworth, Among Enlisted Men

DUE HERE ABOUT APRIL 27

Two more Rush county boys are on the way home from France, according to an announcement at Washington of the sailings of transports, which says that the Freedom is bringing Base Hospital No. 32 the Indiana unit. Russell Kirkpatrick and Neff Ashworth are the two young men from here who are with this unit. The nurses and officers of the Indiana Hospital unit have returned home, leaving the enlisted men behind. The Freedom is due in New York about April 27.

There has been some criticism directed at the officers of Base Hospital No. 32 because they came ahead of their men, but Dr. Dolph Humes, former Rush county man, who was a major with the hospital has answered them with a reply to a letter written by him to Surgeon-General Ireland, which shows that the officers did not return of their own accord, but on orders of the government. Gen. Ireland points out that the officers are in no way to be blamed for the circumstances which caused them to return first.

RICHMOND PASTOR IS NEW MODERATOR

Dr. D. Ira Lambert Returns From Meeting of Whitewater Presbytery at Connersville

NEW ERA MOVEMENT TOPIC

The Rev. D. Ira Lambert, pastor of the First Presbyterian church attended a meeting of the Whitewater Presbytery at Connersville Monday night and all day Tuesday, the session closing about four o'clock Tuesday afternoon. The major sessions were held Tuesday, being attended by more than one hundred delegates from the several churches in Rush, Dearborn, Franklin, Wayne, Henry, Decatur and Fayette counties which form the Presbytery.

The most important business was the election of the Rev. Dr. Ray of Richmond as moderator of the district, succeeding the Rev. Mr. Tobie of Greensburg, who resigned his duties some time ago. During the meeting the New Era movement was encouraged and a five year program for the world movement, similar to that of the Methodist church, was adopted.

LIGHTNING KILLS 5 HORSES

Greensburg, Ind., April 16.—Lightning struck a barn on the Homer McClintic farm near Waynesburg, yesterday, causing a heavy loss. Five horses perished in the flames, and practically all the contents of the structure, consisting of farming implements, hay, grain and corn were consumed.

INSTRUCTIONS TO BE THEIR GUIDE

Trustees Receive Letter From Chief of State Board of Accounts Regarding Roads

WILL FOLLOW SAME POLICY

Since Controversy is Ended, Road Work Will be Resumed—Drags Badly Needed Now

Township trustees will continue to maintain township roads as they have in the past, following receipt today of letters from Gilbert Hendren, chief of the state board of accounts, pointing out that it is their duty in the light of the latest opinion of Ele Stansbury, attorney general, harmonizing the Benrissley law and the county unit road law which were apparently in conflict and which have had the trustees on the anxious seat for several weeks.

Copies of the letter, which points out trustees should not pay their road maintenance funds over to the county as previously ordered to do, have also been received by the county auditor, county attorney and county treasurer. Although the county unit law specifically provided the trustees should relinquish jurisdiction over their roads, the opinion of the attorney general overrides this clause, showing that it was not the intent of the legislators that this should be done.

The apparent conflicts in the laws has resulted in township road work being delayed at a time when it is especially needed. Trustees now are expected to give their roads the much-needed dragging. It was pointed out today by county officials that roads should be dragged following the heavy rains of the last few days, and since the controversy is settled, the trustees should resume their road duties.

The letter from Mr. Hendren by which the trustees will be guided in the future, is as follows:

"1. Under the provisions of the inclosed opinion by the attorney general the county treasurer shall pay all township road taxes to the respective township trustees.

"2. In all cases where the township trustee has heretofore paid over to the county treasurer the balance of road funds in his hands, the county treasurer, upon authority of the attorney general's opinion shall immediately pay over said road funds to said township trustee upon a warrant drawn by the county auditor, less any sum that may have been expended for labor or material by the board of county commissioners in any such township or townships.

"3. Pursuant to the inclosed opinion it shall be the duty of the township trustees to oversee the repairs of township roads as formerly done as a part of their official duties under the direction of the board of county commissioners.

"4. The inclosed opinion is supplemental to, and explanatory of, certain portions of the opinion of the attorney general dated March 29, 1919."

PLEDGES \$120,000

Anderson, Ind., April 16.—At a meeting of the advisory committee in charge of the Victory Liberty Loan drive \$120,000 in subscriptions was realized. Most of the amount was in \$5,000 lots from members of advisory board.

CHARGE DISMISSED

The charge of manslaughter against David Morgan of Clarksburg which was the outgrowth of an accident in which a 15-year-old Indianapolis boy was killed by a machine driven by Mr. Morgan, was dismissed in Indianapolis yesterday when Mr. Morgan was arraigned.

NEW WELLS SOON TO BE ATTACHED

Contracts For Material to Construct Pipe Line to City Plant Are Let by Council

POLES AND PIPE ARE BOUGHT

New Supply Will be Added to Water System Just When Present Supply is Being Exhausted

The regular meeting of the city council last night was devoted mostly to allowing contracts for the year for supplies for the water and light plant and for material to construct the line to the new water wells a mile southwest of the city, which were drilled last fall and will be attached to the city water system this summer. Bids were opened by April 1.

With the letting of the contract for the digging of the ditch in which the water pipes will be laid, actual work has been started that is expected to result in the addition of a water supply that will be ample for the needs of Rushville. The city council opened up a new water shed when these wells were drilled and it was fortunate that a new source was found because all of the wells now in use draw on the same supply, which is fast being exhausted.

The contract for poles to run the electric line to the wells, to provide power for the pumps, was awarded to the J. W. Miller Lumber company of Minneapolis, Minn. The contract for pipe went to Lewis F. Freedman for the following prices, F. O. B., Muncie, Ind.: \$1.50 a foot for 4,000 feet of 8 inch pipe; 90 cents a foot for 1,000 feet of 6 inch pipe. The contract for digging the ditch for the pipe line was awarded to E. J. Farthing.

The contract for supplying the water and light plant with coal for the coming year went to the Indian Creek Coal Mining company, the same firm which has had the contract for two years. The contract price is \$3.20 a ton, F. O. B., Rushville. The contract to supply oil and grease to the city plant was awarded to the Moore Oil company of Cincinnati.

The police were instructed by the council to keep vehicles from standing in front of the fire station, complaint having been made to the council by members of the fire department.

The police were also instructed to notify the owners of the building at the northwest corner of Third and Main streets to have the outside stairway torn down.

CITY OF LIMERICK IN STATE OF SEIGE

British Troops Are in Possession of Streets After Martial Law is Proclaimed

MACHINE GUNS ARE SET UP

(By United Press.)

Dublin, April 16.—The city of Limerick was in a state of seige today following establishment of martial law in that district.

British troops were in possession of the streets. Barbed wire entanglements were erected on all bridges and military police prevented anyone to enter or leave the city. Machine guns had been placed at strategic points. The city was cut off from all communication with surrounding territory and the fear was expressed of a food shortage.

Berne, Apr. 16.—The first session of the Budapest council today elected Premier Lenin and other Bolshevik honorary members.

HEAVY CASUALTIES RESULT

Anarchy Still Prevails in Munich, Dispatches Report

(By United Press.)

Copenhagen, April 16.—Dispatches from German sources reported today that anarchy prevails in Munich. Street fighting has resulted in heavy casualties. The principal railway station was reported to have been destroyed by fire. The first infantry regiment was said to have deserted to the communists.

NATIVE OF COUNTY DIES AT BOGGSTOWN

Funeral For Casper C. Craig, Age 70, Will be Held Friday Morning at Late Residence

WIDOW AND 10 CHILDREN LEFT

Casper C. Craig, age 70, is dead at his home south of Boggs town, Shelby county. Mr. Craig was born in this county, living here until he was a young man; and after his marriage to a Rush county girl they moved to Shelby county and since that time had lived there. They celebrated their fiftieth wedding anniversary last fall. Mr. Craig was one of the best known men of Shelby county, having been a farmer there since early manhood and having lived at the place of his death for a period of fifteen years.

He is survived by ten children and the widow, one brother and one sister. Short funeral services will be held Friday morning at the late residence with the Rev. Mr. Boxell officiating. The public funeral services will be held at the Manilla M. E. church at 11 o'clock the same morning, with the Rev. Loren Tillison and the Rev. James L. Brown in charge, and burial will be made in the Manilla cemetery.

RADICALS BOLT FROM THE SOVIET CONGRESS

Action Expected to Put End to Session and is Result of Fight For Control

STRIKE PASSES ITS CRISIS

(By United Press.)

Berlin, April 16.—The radicals bolted from the national Soviet congress, declaring they will join the Spartacists and fight the government relentlessly.

The action of the radicals, which is expected to put an end to the congress, resulted from a fight for control with the majority socialists. After the leaders showed themselves to be in power the radicals refused to accept a compromise and elect some of their members to the executive committee.

The general strike seems to have passed its crisis with the government winning control.

German party leaders are planning to dedicate May 1 as a holiday in protest against the allies peace terms and for demanding peace release of German war prisoners.

U. S. FOOD SHIP IS PILLAGED

Unconfirmed Dispatch Tells of Action by Germans

(By United Press.)

Zurich, April 16.—An American food ship destined for Poland has been pillaged by Germans, a Hamburg dispatch reported today.

No confirmation of the above dispatch has been received but it is believed that possibly they had stolen quantities of supplies from the ship.

PEACE NOT OVER; FULL OF PERILS

Premier Lloyd George Says There is Understanding on Fundamental Questions, However

AN ADDRESS TO PARLIAMENT

President Will Remain in Paris Until German Treaty is Disposed of, it is Stated

(By United Press.)

Paris, April 16.—President Wilson will remain in Paris until the German treaty is disposed of, it was stated authoritatively today.

Associates of the president believe that it will be possible to clear up other treaties with the German treaty. If it cannot be done President Wilson will remain to see the German treaty through with and leave Col. House to attend to the others.

London, April 16.—There is a complete understanding on fundamental questions of the peace settlement, Premier Lloyd George declared in addressing parliament this afternoon. He said it is not true that America and Europe are at variance.

"A stern and just peace, but not a vindictive peace is wanted," declared the premier. "I am going back to Paris and must have the fullest confidence of parliament."

Pointing out the difficulty of effecting peace, the premier said a complete breaking up is threatening in Russia, Austria and Turkey. "There is no authority throughout Russia," he said. "The question of recognition of the Soviet government has never been discussed."

Lloyd George declared, amidst an outburst of cheering, that the mudmeny question will not be an easy one. He asked that the delegates "Who are trying to do their best; he left in peace. Peace is not over and is full of perils for all," he declared.

"The internal conditions in Russia do not justify a gigantic military enterprise," said Lloyd George. "I would rather leave Russia to the Bolsheviks, if there is no other way out, and then to be bankrupt." Lloyd George pointed out that Russia would be most difficult to conquer and would require huge armies for the task.

"Everyone of my election pledges is incorporated in the allied demands," he said.

The premier's address gradually brought the house around into a responsive and demonstrative mood. The majority of the members left after Lloyd George had finished his speech. Only a few remained to hear the other speakers.

"Lloyd George's speech was eloquent but not entirely satisfactory to all his friends," said Adamson, labor leader. "We wished more details."

Paris, April 16.—The German peace delegation, officially ordered to Versailles on April 25 will follow the route over which they marched to the gates of Paris in 1914, it was learned today.

But the army, as in 1914, will not enter Paris. They will be forced to proceed directly to their quarters in Versailles.

After their arrival the strictest precautions will be taken to prevent any of them straying into Paris, so that no unfortunate incident may occur.

The Germans' actual acceptance of the treaty will be about May 10. On or about that day the world will see the state of war removed and peace proclaimed, or will be given 72 hours notice of a rupture of the armistice if they refuse to sign. The Big Bear was considering the quantities of supplies from the ship. Continued on Page Six

Have you ever heard this?

"My baking powder," says the smooth solicitor, "costs less than Royal."

But he omits to say that it often leaves a bitter taste, that food made with it is likely to stale in a day and that it contains alum, which is condemned by many medical authorities for use in food.

England and France prohibit the sale of alum baking powders.

ROYAL Baking Powder

is made from Cream of Tartar derived from grapes

Royal Contains No Alum—
Leaves No Bitter Taste

BEFORE OR AFTER INFLUENZA

By Dr. M. Cook

The cool fighter always wins and so there is no need to become panic-stricken. Avoid fear and crowds. Exercise in the fresh air and practise the three Cs: a Clean Mouth, a Clean Skin and Clean Bowels. To carry off the poisons that accumulate within the body and to ward off an attack of the influenza bacillus, take a good liver regulator to move the bowels, such as Castor Oil or a pill made up of May-apple, leaves of aloe and root of jalap, to be had at any drug store, and called Dr. Pierce's Pleasant Pellets.

The system should be built up by the use of a good iron tonic, such as "Iron-ic" tablets, to be obtained at some drug stores, or that well known blood-maker and herbal tonic made from roots and barks of forest trees—sold everywhere as Dr. Pierce's Golden Medical Discovery.

For a tonic that will freshen up the blood, clean the digestive tract and put new force and vim into you, I know of nothing better than Dr. Pierce's Golden Medical Discovery—and it contains no alcohol or narcotic so is perfectly safe to take.

Grand Rapids, Wis.—"I have used Dr. Pierce's medicines and found them very beneficial. I had stomach trouble for about eight years. Had to be very careful what I would eat or I would be down sick. I suffered something terrible about a year ago. I started to take 'Golden Medical Discovery' and two bottles put me in fine condition. I can eat anything and do not feel distressed. I had taken many medicines previous to this and had doctors prescribe for me, but nothing seemed to give me any relief until I started taking this medicine and it gave me great relief. I take pleasure in recommending it."—Mrs. Emil Ostreich, 212 14th Ave. N. Wash.

ness visitor here this morning for a short time.

—Mrs. Charles J. Wilson of Hammond, Ind., will arrive tomorrow to be the guest of her daughter, Mrs. Charles F. Wilson, and family.

—Dr. P. H. Chadwick and Dr. R. F. McClannahan went to Liberty, Ind., today to attend the Eastern Indiana Dental Association meeting this afternoon and evening.

Days Pickings

Miss Charlotte Norris who has been seriously ill at her home in North Main street, is reported to be improving.

The Rev. Mr. Nelson, of Indianapolis, will give an illustrated lecture at the Gowdy M. E. church, Saturday night, April 19.

The B. Y. C. D. of the Baptist church will give an ice cream social in the basement of the church Friday evening. The public is invited to attend.

Mrs. Matilda Reed, of Orange township, was taken to the Deaconess Hospital in Indianapolis, yesterday, where she will undergo an operation.

The funeral services of Gary Armstrong who died at the home of his sister, Mrs. Joseph Amos, near the city, were held this morning at the Main Street Christian church and burial was made in the East Hill cemetery.

The funeral services for Marion Vandever, eleven-year-old son of Mr. and Mrs. Emory Vandever living near Fairview, will be held Thursday morning at 10 o'clock at the Fairview church and burial will be made in the Fairview cemetery.

The funeral services of Peter Johnson, colored, who died at his home in East Eleventh street yesterday morning, following an illness of ten weeks duration, will be held Thursday afternoon at 2:30 at the late residence and burial will be made in East Hill cemetery.

Mrs. Forrest Glidewell, who has been seriously ill following an operation at the Memorial hospital at Connersville, has been moved to the home of Mr. and Mrs. C. D. Smyth in North Arthur street in this city, where she is slowly recovering. Mrs. Glidewell is employed at the Express Printing Company in Connersville as a linotype operator.

All Ready for a Spirited Easter Selling

Right now when the majority of women and girls are seeking smart capes, coats, dolmans, suits and dresses for Easter, our Ready-to-wear department is best prepared to prove its service of economy. Quick selling and slender profit margins permit unusual savings on everything that comprises the fashionable Easter outfit.

Women's and Misses' Capes for Easter

\$17.50 to \$45

Our Ready-to-wear department keeps a watchful eye on the changing fashions and its constant aim it to permit the very newest things first at prices within the reach of the most economical purse. New Capes and Dolmans will arrive daily this week.

Women's and Misses' New Spring Suits

\$25.00 to \$60

Women who have seen our display of Suits at these prices know that Casady's Suits set the pace. Suits of this character are not to be found elsewhere at such reasonable prices. Our showing of Suits for Spring includes all the new materials in every desired color effect.

Women's and Misses' Stylish Spring Coats

\$12.50 to \$55

There's a finesse of detail to these Spring Coats that appeals to the woman who knows how to dress well. The set of the collar, the contour of the shoulders — are all real points of excellence. The new developments introduced for the current season are exemplified in apparel like the garment illustrated.

The smartest things in Ready-to-Wear you will find here. New Garments are arriving daily. We invite inspection and comparison.

Silk Hosiery

A well dressed foot is essential so that the effect of the Easter costume will not be marred. Silk hose are dressy looking, and the values you get here are always dependable.

Rush County's Part

There should be no difficulty for Rush county to subscribe her quota of \$825,000 on the Victory loan because the allotment is much smaller than that raised in the Fourth loan and for the additional reason that conditions are much more conducive to subscribing than ever before.

Although, in one sense of the word the patriotic appeal is not as great, since actual fighting has stopped, it would hurt the pride of Americans if anyone should suggest that they started something they could not finish. Yet this would be the situation if America should fail to meet her obligations on this final government appeal for funds to bring all the boys back to home soil.

And since the government has assured us that it will be the last call for money in the shape of a loan, it would be unlike the true spirit of the people of this country not to respond quickly and liberally. They know that the Victory loan is the final one and undoubtedly they are ready with wide open purses to subscribe to their utmost to see Uncle Sam through to the finish.

The character of the bonds and the high rate of interest make it certain that subscribers to the Fifth issue will be found more readily. The short term notes which the gov-

ernment will issue are regarded as a better investment than that offered in any Liberty loan. Many predict that Victory bonds will be selling above par in a very short time which, aside from the other extra inducements, should be enough to guarantee the sale of the issue.

What is Labor?

The Labor Party in politics is now more than a project. It has already taken official part in municipal elections.

The Prohibition Party, the Socialist Party, and others have been with us for a while, besides the two great divisions of political thought. But all of these have been alike in one feature of their purpose. Professedly, at any rate, their aim has been the weal and security of the whole country. They claimed that their policy was the best for America—not for themselves exclusively.

The Labor Party makes no such profession. It disclaims any interest in the prosperity of the nation. It is the advancement of one section only that its adherents demand, the one to which they belong. America, as a sovereign people, may go to the everlasting bonfire.

Their very name indicates their contempt of patriotism. Parties often profess it without practicing it, but here the very profession is absent. American cannot prosper if chemists cannot, or scientists, architects, structural and mechanical engineers, analysts, actuaries, draftsmen, surgeons, geologists, surveyors—the list is endless. And the ranks of labor, apparently, include none of them.

The darkest mystery in their creed arises from the confusion of definitions. What is a laboring man? One who does not work with his brain? If so, all the skilled trades are at once eliminated. Or one whose work involves extreme physical exertion? This excludes the watchmaker, the engraver, the compositor, and a host of others. Well then, admit the watchmaker and all others who perform skilled manual work. This admits the linotypist, the bookkeeper, the stenographer, the chemist, and everybody else. Even a salesman undergoes more physical exertion than a linotypist.

The longer you look at it the funnier it gets.

Sap and Salt

By BERT MOSES.

People who believe much know little.

Beware of the south end of a bee and the north end of a mosquito!

The first place a carpet wears out is in front of the looking glass.

Dividends in the oil business come from what drips out of autos along the highways.

Anyhow, a beggar has no fear of getting pinched for making out a false report about his income.

"The Lord loveth a cheerful giver" so long as the gift consists of something more substantial than advice.

Hez Heek says: "The man who operates a successful home garden is seldom seen in the hammock or on the front porch."

The Chicago Great Western Railroad has adopted French twins, who are coming to this country with the 13th R. R. Engineers. It never occurred to us to picture a railroad as a tender parent, but it will probably be very gentle in taking care of these two pretty little girls, Aline and Denise Chicago-Great-Western-Railroad.

Woman's place may be in the home. But if she had stayed there, what would have become of the Red Cross and the canteen work and the emergency driving?

If Easter eggs could only hatch, what a variety of beautifully colored and patterned chickens we should have!

Digest of New Indiana Laws

By Charles Kettleborough.

PROSECUTING ATTORNEYS, ACKNOWLEDGMENTS. An act approved February 26 authorizes prosecuting attorneys to take acknowledgments of deeds and other instruments in writing, administer oaths, protest notes and checks, take depositions and perform any other duty now conferred on notaries public by the laws of Indiana. Each prosecuting attorney exercising any such duties is required to have a seal and to append to each instrument the date of the expiration of his commission; his jurisdiction is co-extensive with the state and he is entitled to the same fees as notaries.

PARTITION OF LANDS—SALE. The law concerning the sale of lands of which a partition is demanded was amended to provide that if within 30 days after the sale of any such land, a bid is received by the clerk of the court, 10% higher than the sale price, accomplished by a bond 20% higher than the bid, the land must be re-advertised and resold. Only one such re-sale may be had and the purchaser of the land at the first sale has tenant rights in all crops planted on such lands after the first sale and prior to the second sale.

WANT ADS BRING RESULTS

Advertising Life Insurance

A life insurance agent in one of the New England states tried the experiment of running a continuous advertising campaign in his home newspaper.

His business that year was not only the largest he ever did, but among all the company's agents, this man stood second in the number of policies written and fourth in the amount of insurance written.

The advertisements were not large in size, but they were carefully written and prepared with a definite plan and campaign in view.

The results were so astonishing that the company issued a bulletin to all its agents suggesting that they advertise in the local newspapers and promising to advise and help them in the preparation of copy.

BUILD NOW!

Time, opportunity and need—all beckon you to build now. Promote the home beautiful and community beautiful plan, start local activities in trade, employ labor—especially the returning soldiers and sailors looking for occupation. It's the patriotic thing to do, it's the sensible thing to do, it's the profitable thing to do. Our community has grown a little bit shabby; it has halted somewhat in its progress. No fault of ours. The government during the war

withheld the use of building materials. The ban is now removed. Unless we get busy now, if we do not progress, then the fault will be ours. It's up to you investors and home builders. The need is great for new homes, new and modern office buildings and stores, sanitary factories. Put money in circulation, employ labor. It will make our community prosperous, enterprising, active, progressive and return to the investor remarkable dividends.

Build - Paint - Repair NOW

WHY?

- 1—There is no evidence of a Decline in Prices.
- 2—To secure the **Best Mechanics** before they are all engaged.
- 3—To have advantage of **Unbroken Stocks** of material before they are depleted.
- 4—To **Employ Labor** and thus tide over the few months until industry is readjusted.
- 5—For **Your Own Satisfaction** in possessing what you desire **Now**—not waiting until some future time for the consummation of your aspirations.

Finally—All the buildings and operations deferred in the last ten years on account of high prices have invariably been completed later at still higher prices.

WHAT?

When you build you should give very careful consideration to Electric Power and Light.

WHY?

Electricity will do more than any other one thing to make your home a more pleasant place in which to live.

HOW?

Electric Lights, Electric Automatic Water Systems, Electric Sweepers, Electric Irons, Electric Washers, Electric Dishwashers, and Electric Motors to operate all the small machines that are usually operated by hand.

WHICH?

Whether you Build New, Remodel or Modernize the present home, you should investigate

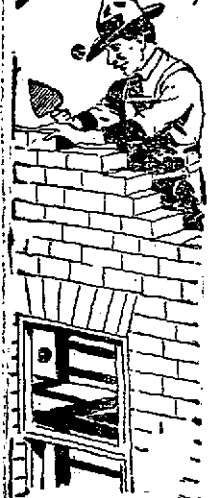

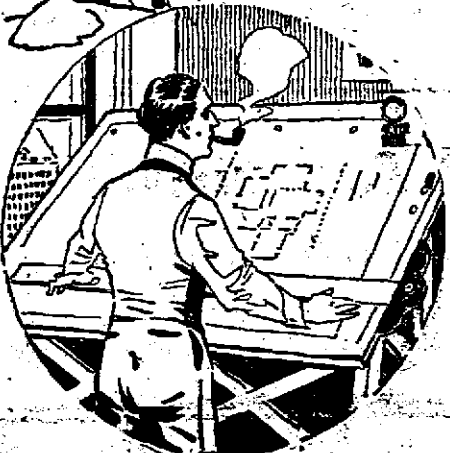

DELCO-LIGHT

Because Delco-Light means dependable electric service at a reasonable cost. This service is assured you by the fact that there will always be a Delco-Light representative in Rush County.

WHO?

Delco-Light Products

E. D. OGBORN, Dealer

Mrs. Bert Mullin will be hostess for the Auction Bridge club tomorrow afternoon at her home in North Perkins street.

The regular monthly meeting of the D. A. R. will be held with Mrs. William Dil. 623 North Morgan street, tomorrow afternoon at two o'clock.

The Willing Worker's class of the St. Paul's M. E. church will meet tomorrow afternoon at 2:30 o'clock with Mrs. Matilda Worth, 206 East Eighth street.

The regular meeting of the Grand Club which was to have been held tomorrow afternoon, has been postponed until next week, on account of the death of Robert Hutchinson.

Covers were laid for six guests when Miss Frances Neuzenhelder entertained Monday evening at her home in East Ninth street. The occasion was her birthday anniversary.

Invitations have been issued for a Bridge party to be given Friday afternoon by Mrs. Herman Tompkins and Mrs. Harry McMillin, at the home of the former in East First street.

About sixty couples attended the dance given last evening in the Modern Appliance building in West Third street. The Mitchell orchestra of this city furnished the music for the evening.

A business meeting of the Loyal Women's class of the Christian church was held at the home of Mrs. D. H. Dean in North Main street, last night. Many business questions were discussed at this time.

The Catch-My-Pal class of the First Presbyterian church held their regular meeting last evening at the home of Miss Myrtle Jackson in North Sexton street. The regular business and social program was carried out.

Mrs. William Offutt entertained the members of the Rebekah Crochet club yesterday afternoon at her home in East Sixth street. The afternoon was spent socially over the various needlework and light refreshments were served.

Mr. and Mrs. Hugh Manzy entertained twenty-eight members of the pitch-in club last evening at their home in North Perkins street. The rooms were decorated with spring flowers and a delicious pitch-in supper was served at seven o'clock.

The Ben Davis Creek Missionary Society will observe the week of prayer with a meeting at the church on Friday afternoon at 2:30 o'clock. An excellent program has been arranged under the leadership of Mrs. Ruth Hasselby and a good attendance is desired.

The S. E. T. club was delightfully entertained by Mrs. Chauncey Duncan yesterday afternoon at her home in North Perkins street. The afternoon was enjoyed by the members over their needlework and at the close of the afternoon the hostess served a dainty luncheon.

The members of the Loyal Daughters class of the Main Street Christian church held a social meeting last evening at the home of Miss Grace Billings in East Eighth street. The chief amusements for the evening were music and contests, and dainty refreshments were served at the close of the evening.

Miss Loretta Rill, daughter of Mr. and Mrs. George Rill, living west of the city, and Carl E. Dyer, son of Thomas Dyer, near Arlington, were quietly married Saturday afternoon at the Methodist parsonage in Arlington, the Rev. F. M. Westhafer officiating. Mr. and Mrs. Dyer will reside on a farm near Arlington.

Miss Ruth Dillon, who has recently returned from overseas where she was a Red Cross nurse, gave an

interesting talk on her experiences while abroad, before the Ladies Missionary Society of the First Presbyterian church, yesterday afternoon, which met at the home of Mrs. Gunn Haydon, in North Main street. Aside from the talk the regular program was carried out.

Mrs. Will Meredith entertained the members of the Darning Music Study class last evening at her home in North Morgan street. After the program which was in charge of Miss Rosaline Reed, election of officers took place. Deryle Case was elected president; Margaret Herkless, first vice-president; Mildred Boys, second vice-president; reporting secretary, Rosaline Reed, assistant, Estella Poston; recording secretary, Louise Pittman; treasurer, Churhill Allen; assistant, Kenneth Craig. A social hour followed the election of officers, in which all the members participated, at the close of which dainty refreshments were served.

PEACE NOT OVER; IS FULL OF PERILS

Italian Adriatic aspirations. Her demands are based on secret treaties, which most of the allies and particularly America regard as nullified by the armistice terms and fourteen points.

Considerable interests were still evident in Japan problems as the result of the defeat of her racial equality amendment to the league of nations covenant. It is known that Japanese delegates fear political demonstrations at home and

LADY GEORGIANA BUCHANAN

Lady Georgiana Buchanan, wife of the British Ambassador to Russia, has not severed her connection with that country, although events forced her to leave it. At Chesham house, the old Russian embassy, she has established workrooms where refugees from Russia are enabled to earn a living.

cables were sent this government for instructions.

Information is now in the hands of the allies indicating that all important political factions in Russia have aligned themselves with the Bolsheviks in opposing intervention.

PRESIDENT FACES PERILOUS FUTURE

Most Difficult Details of Political Career Ahead of Him—Hope to Sail in May

Washington, April 16.—President Wilson's return home next month will find him facing some of the most difficult detail of his political career. His present plan prevents his return until the peace treaty with the league of nations covenant is disposed of.

As much as can be ascertained in the state of things, his program is as follows: He will remain in Paris to sign for the United States the peace treaty with Germany. He is extremely desirous of this.

He hopes to sail early in May and plan to announce the time of the extra session of congress just before sailing.

URGED TO COMBAT SUCH PROPAGANDA

Continued from Page One
be offered, he stated, and if there are any others, the banks will be called on to absorb them.

"The government not only expects, but very much desires that the Victory loan bonds be distributed among a many people as possible," he declared. "If the banks subscribed for the whole loan, it would not only stop the expansion of business, but the banks would have to call in their loans. This would stop business, which is just now recovering from the effects of the war."

TO HOLD DEBATE ON LEAGUE OF NATIONS

Indiana Manufacturers Association
Will Hear Discussion at Annual
Banquet Tonight.

JOHN BARRETT TO GIVE TALK

Indianapolis, Ind., April 16—The league of nations and the Pan-American conditions were to be placed before the Indiana manufacturers association in its annual convention here today.

Wharton Pepper of Philadelphia director of the League for Preservation of American Independence was scheduled to oppose the pro-

posed league and the League to Enforce Peace was to send a man to answer his arguments—probably Sen. Poindexter.

John Barrett, director of the Pan-American Union was to talk about Pan-American conditions as they relate to Indiana manufacturers. The subject of Barrett's address is "The Relation of the South American Republic to Indiana Manufacturers."

The debate on the league of nations was to be held tonight at a banquet.

WIFE DESERTION CHARGED

Tom Addington, Farm Laborer, is
Returned to Anderson.

Tom Addington of Anderson, who has been employed in this county as a farm laborer, was returned to his former home yesterday evening by a Madison county deputy sheriff to answer to a charge of wife desertion. He was arrested by the authorities here on a bench warrant received from the Madison circuit court and detained in jail until the deputy sheriff arrived. Addington was employed by Casper Johnson on the Harrie Jones farm southwest of the city.

Pre-Easter Service at Christian Church Thursday

HERE ON SHORE LEAVE

Seaman Rex George, of New York was here today for a visit with relatives while on a seven day shore leave, his ship having landed in the harbor at New York for a short time. He is the son of Mr. and Mrs. Arthur George of Richland township and enlisted shortly after the declaration of war by the United States.

DR. EDUARD DAVID

Among the German delegates to the peace conference will be Dr. Eduard David. He is a majority socialist and the first president of the national assembly.

PROGRAM FOR GLEE CLUB IS ANNOUNCED

Indiana University Musical Organization Will Give Concert at
Graham Annex Tonight

HEADED BY DWIGHT VANOSDOL

A college glee club concert furnishes an entertainment that pleases for the enthusiasm of the young people coupled with splendid training makes the heart stir with emotions. The concert tonight at the Graham Annex Auditorium at 8 o'clock, by the Indiana University Glee Club will be one that you can not afford to miss. The "Jazz Band Revue," the flute solo, the vocal solo, the specialty acts, the ensemble singing of the Club, and the presence of Dwight B. Vansdol, the president of the organization, are all features that will meet hearty approval. The doors will be open at 7:30 o'clock.

The program for the concert follows:

- 1.—"Just a Song at Twilight"—Molly-Holcomb. Glee Club
- 2.—Flute Solo, "Nightingale Serenade," Frank Reed
- 3.—"Allah's Holiday," Prim. Glee Club
- 4.—"Love Bells," Dorel Roger Dailey
- 5.—"Tales of Hoffman"—Offenbach-Spicker. Glee Club
- 6.—"Two Black Crows," Dudley Smith and Earl Douthitt
- 7.—"Swing Along," Cook Glee Club
- 8.—Flute Solo, "Serenade" Curne Frank Reed
- 9.—Piano Specialty, Johnnie Johnson
- 10.—"We Love You—Indiana"—Helen B. Faris. Glee Club
- 11.—Indiana Songs. Glee Club

MANILLA EASTER MEETING

The Manilla Christian church will hold an all day meeting Sunday in observance of Easter. A basket dinner will be served at noon in the basement of the church, which is especially fitted up for such events. The meeting will be in charge of the regular pastor, the Rev. Frank Sumner of Indianapolis.

GRAND CANYON WILL BE MADE TO WORK

\$12,000,000 Plant Will be Built
That Will Make the Turbulent
Waters Furnish Power

FOR ARIZONA'S UTILITIES

(By United Press.)

Phoenix, Ariz., April 16.—The Grand Canyon of the Colorado, long a nationally famous pleasure ground like Niagara must go to work.

That is the edict of James McGirr, chief engineer of the Grand Canyon Water Development Company, who has completed engineering details of a \$12,000,000 project to make the turbulent waters supply all of Arizona's power demands.

His plan calls for building of a 220 foot dam at the mouth of Diamond Creek, in the Grand Canyon—the structure to be but slightly smaller than the famous Roosevelt Dam.

It will furnish sufficient hydro-electric power, he estimates to electrify 500 miles of the Santa Fe railway company's main line in Arizona and to take the place of coal and oil for generating power in every Arizona mine.

Amusements

"The Probation Wife"

"The Probation Wife," Norma Talmadge's latest Select Picture, in which she is presented by Joseph M. Schenck, is being shown at the Princess theatre tonight. It is the story of the inmate of a notorious cafe, who later reforms through the love and trust of a good man.

Josephine, or Jo as she was called was one of the most important attractions of the Domino Cafe. Harrison Wade, a wealthy New Yorker, sees her here and gives her money to escape. She is discovered, and before she gets another chance to escape the place is raided. Jo and the other cabaret girls are sentenced to three years in the reformatory. After two years of imprisonment, Jo manages to escape.

Jo decides that the only way to advance and get the things in life that are worth while is through some man—the only way she had ever been taught. So she boards a train for New York, ever on the alert for the helpful man. She discovers him in the next compartment. He proves to be no other than Harrison Wade, the man who had tried to help her escape.

Wade believes there is some good in the girl and marries her, much to her surprise. Jo calls herself Wade's probation wife. They live very happily until Jo meets Huntley McMerton, a prominent and wealthy New Yorker. They become very friendly. Wade thinks they are in love with each other, and prepares to bring divorce proceedings when he finds his wife in the arms of McMerton. Explanations follow and happiness is in store for all.

"Jane Goes A-Wooing," featuring Vivian Martin will be shown tomorrow.

Margarita Fisher at Mystic

"Money Isn't Everything," featuring Margarita Fisher, is the offering at the Mystic theatre tonight. The natural charm and vivacity of Margarita Fisher is too well known to the lovers of motion pictures to need repetition here. Critics say that she presents some of her very best and most versatile work in the comedy drama, "Money Isn't Everything," released by the American Film Co., Inc. Miss Fisher is known as the

Lassie with the nerve of iron. Quite recently she visited an aviation camp with others on a patriotic mission. There she accepted a dare and took a ride in an aeroplane which was her first experience but will not be her last.

When she alighted, she was enthusiastic over her flight and said instead of a new automobile, she is going to dicker for one perfectly good aeroplane.

WHEN, HOW TO PLANT CROPS IN THE GARDEN

Common garden crops are divided by the United States Department of Agriculture specialists into four groups as regards the time of planting them in open ground.

The first group includes the vegetables that will withstand consider-

able frost and which may be planted two or three weeks before the danger of frost is past in the spring. The second group, or semi-hardy crops, may be planted a few days before, or about the time, that the last killing frost is likely to occur. The third group, those easily killed by frost, should not be planted until all danger of frost is over. The fourth group, the heat-loving plants, should never be planted in the open until both the soil and the air are thoroughly warm.

HEADS OF R. C. HOLD HIS ADDRESS TO BE MEETING IN CANNES MEMORANDUM REPLY

Conference Is Mapping Out a Universal Health Program to be Adopted by Nations.

Lloyd George to Lay Case of British Peace Delegates Before House of Commons Today.

STATES ALL IS GOING WELL

Heads of the Red Cross of America, England, France, Italy and Japan are now attending a conference, in Cannes, France, which is second only in importance to the meeting at Versailles, at which the League of Nations will be formed.

With Henry P. Davison, as head of the conference, are meeting Sir Arthur Stanley, president of the British Red Cross, General Paul Pau, president of the French Red Cross, Gustave Ador, president of the International Committee of the Red Cross, Giuseppe Frascara, president of the Italian Red Cross, Baron Tadanori Ishiguro, president of the Japanese Red Cross, and a number of health experts from the five nations.

The conference is mapping out a universal health program, to be adopted by nations of the world. Measures for handling problems of world relief in emergencies such as fires, famine and pestilence, sound ways in which the public health may be improved, and ways to relieve all human suffering and distress are being planned. The program adopted cannot help but largely influence any plans for the League of Nations.

London, April 16.—Premier Lloyd George, who arrived from Paris, was expected to lay the case of the British peace delegates before the conservation house of commons today.

The unionist majority in common recently directed a memorandum to the premier demanding that Germany be made to pay full cost of the war. Lloyd George's speech will be a reply to the memorandum.

The premier on his arrival gave a brief statement in which he said that "All is going well."

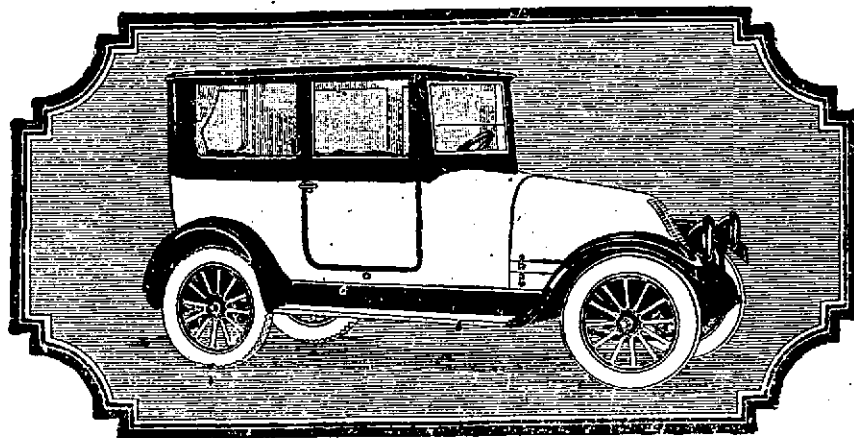

KNIGHT TEMPLAR MEETING

Rushville Commandery No. 49 K. T. will confer the Red Cross degree at three o'clock Wednesday afternoon. Dinner will be served at seven followed by the conferring of the Temple degree.

able frost and which may be planted two or three weeks before the danger of frost is past in the spring. The second group, or semi-hardy crops, may be planted a few days before, or about the time, that the last killing frost is likely to occur. The third group, those easily killed by frost, should not be planted until all danger of frost is over. The fourth group, the heat-loving plants, should never be planted in the open until both the soil and the air are thoroughly warm.

Among the crops of the first group—that may be planted before frost—are Irish potatoes, smooth peas, onion sets, cabbage plants, kale, turnips, beets, lettuce and mustard. They may be planted early, because they require two or three weeks to come up. While the young plants are easily injured by frost, by the time they sprout and come to the surface frost danger is likely to be past.

Some gardeners formerly believed in planting Irish potatoes and certain other garden crops in the proper phase of the moon. No one seems to know how the old moon theory originated, but it seems to date back to prehistoric times and probably was based upon the method of keeping time by moons rather than by months. There is no definite experimental data to show

Inward Satisfaction Vs. Outward Evidences of Anxiety

Outward evidences which advertise the average motorists' anxieties are noticeably absent from the FRANKLIN SEDAN—radiator blanket, water thermometer, alcohol fumes, spare tires, shock absorbers.

Contrast the advertised worries of other motorists with the inward satisfaction of the FRANKLIN SEDAN owner. No water to boil or freeze—177 parts incident to water cooling eliminated. Half as many tires to buy—blowouts and punctures almost unknown. More miles per day and more days per year than other motorists get.

When you buy a FRANKLIN SEDAN you buy a clean bill of performance with freedom from many common worries, big and little.

AMERICA'S IMMORTALS

JOHN C. VILLEPIGUE,
Corporal, Company M, 118th
Infantry.

For unusual bravery displayed in action at Vaux-Audigny, France, October 15, 1918, Corp. Villepigue was awarded the Distinguished Service Cross. Having been sent out with two other soldiers to scout through the village of Vaux-Audigny, Corp. Villepigue met with strong resistance from enemy machine gun fire, which killed one of his men and wounded the other. Continuing his advance, without aid, 500 yards in advance of his platoon and in the face of artillery and machine gun fire, he encountered four of the enemy in a dugout, whom he attacked and killed with a hand grenade. Crawling forward to a point 150 yards in advance of his first encounter he rushed a machine gun nest, killing four and capturing six of the enemy, and taking two light machine guns. After being joined by his platoon, he was severely wounded in the arm. Corp. Villepigue's home is with his mother, Mrs. P. T. Villepigue, 1517 Lytleton street, Camden, S. C.

In Norway a bread is made largely of fish.

WHEN, HOW TO PLANT CROPS IN THE GARDEN

Continued from Page 9

the moon. Experience has shown that the point of most importance is to have the land in first class condition for planting, then proceed to plant as soon as weather conditions permit.

The dwarf or smooth varieties of English peas may be planted about the same time as Irish potatoes. Here again soil preparation is important, and the ground should be made fine and mellow before planting. Opinions differ as to the depth to which the seed peas should be covered. Some authorities claim they should be covered as much as four inches, while others maintain that two to three inches is sufficient. Much will depend however, upon the character of the soil in which the crop is planted. If the soil is a light sandy loam and inclined to dry out quickly, the peas should be covered three to four inches. But if the soil is rather heavy and inclined to pack closely, they should not be covered more than one and one-half to two inches. The varieties of peas having wrinkled seed coats should not be planted until about two weeks after the smooth varieties. They are just a little more susceptible to injury from frost and will mature about as early if planted when the ground has slightly warmed.

In the case of certain garden crops, the investment in seed is too great for taking a chance with the weather, but with beets, lettuce and radishes a very small quantity of seed is required, and if they come through in good shape, the product will be ready for use much earlier than if the planting were delayed. About 25 or 30 feet of row will give all the early beets required by an ordinary family. Radishes may be planted in the rows with early peas. However, it will be necessary to re-

move the radishes before they begin to crowd the peas. As a rule, radishes will be ready for use in three to four weeks after planting, or just about the time that the peas have begun to make a vigorous growth. Most gardeners make the mistake of planting too many radishes, or at least of planting too many at one time and not being able to use the product.

The old-fashioned method of growing lettuce was to plant a bed along one side or in one corner of the garden, and when the plants were large enough, to thin them, using the product as needed and leaving the remainder to grow larger. This method of growing lettuce is not as desirable as the plan of growing it in rows, where it can be easily cultivated. Lettuce is very susceptible to heat, and it is difficult to grow it satisfactorily after the weather has become hot. For this reason it is best grown as a spring and a fall crop. Two or three plantings at intervals of ten days or two weeks in spring and a planting of two in autumn should be sufficient for the needs of the ordinary family.

The second group, including carrots, beets, parsnips, radishes, salsify, wrinkled peas, spinach and early sweet corn, may be planted shortly before the probable time for the last spring frost. The planting of these crops should be so timed that they will escape frost and yet be started just as early as possible. The same planting methods should be followed as for the extremely early crops.

The third group of garden crops, or those that should not be planted until after danger of frost is past, includes cucumbers, cantaloupes, okra, swiss chard, snap beans, cauliflower and tomato plants. The time of setting tomato plants, however, will depend somewhat on whether or not they are becoming crowded in the plant bed. If they are not crowded, it may pay to delay setting them in the open ground until the air is thoroughly warmed. Little is gained by planting this class of plants in the open very early.

The fourth group of plants, commonly known as the heat-loving plants, includes peppers, eggplants, sweet potatoes and summer squash. These crops are easily injured by cold nights and periods of rainy weather, and it is always best to delay planting them until a safe period has been reached. It should be borne in mind that certain soils warm up slowly in the springtime, and that such plants as eggplant and peppers are very susceptible to injury from cold soils.

Boiling used to be a form of capital punishment in England.

JAP AMBASSADOR IN RETURN TO HIS HOME

Will go to Tokio to Hold a Conference Concerning Various Governmental Matters.

LEAVES THE FIRST OF MAY.

Washington, April 16.—Discount Ishii, Japanese ambassador to the United States will return to Japan, officials announced at the Japanese embassy today. "The Ambassador will return to Tokio for conference regarding various matters before the Japanese government", the officials declared.

The ambassador will depart the first of May. Such significance is attached to the action in view of the Japanese situation, that Tokio delegates threaten to withdraw from the peace conference.

There is some doubt among diplomatic circles that the ambassador will return to Washington.

Difficulty seems to be rapidly increasing between the United States and Japan. The report of Japanese infringements on American rights in Korea is being investigated by the government.

ACTOR UNION GETS ACTION.

(By United Press.)

London, April 5. (By Mail).—Following up the recent successes of organized labor, British actors have secured a new charter guaranteeing a minimum wage, a six-day-six-hour week, payment for rehearsals, definite period of engagement, and a fair illness payment clause.

A TESTIMONY FROM A USER OF

Acme Pig Meal

"Loogootee, Ind., Feb. 26, 1919.

"Gentlemen:—My 8 pigs were 6 weeks old, and weighed 168 pounds when I commenced to feed them ACME PIG MEAL, equal to milk. These 8 pigs ate 100 pounds of ACME PIG MEAL in 24 days, and they weighed 258 pounds, making a gain of 90 pounds in 24 days, or 11 1/2 pounds per head in 24 days, or nearly a half a pound a day per head. This I consider a good gain for winter pigs 6 weeks old.

"Yours very truly,

"WM. SULT."

P. S.—You will notice that these pigs ate on an average of 15 pounds of ACME PIG MEAL per month per head, and that their gain for a period of 30 days would amount to 14 pounds and 6 ounces, and that the cost of this gain and growth was \$5.07 for each 100 pounds. I contend that there is no other ration that would produce an equal growth on weaned pigs at this cost.

Janesville Shaft-Drive Planter

WHAT a feeling of satisfaction it is to pull into the field that you spent so much time and work on and just drive and drive with that click, click, click of the dropping kernels never ceasing until you raise the marker for the last time, and you haven't had a bit of trouble!

Here is a planter that does the corn planting on time, no delay, and with as much accuracy as any other planter you can buy.

The Janesville Shaft-Drive Planter does away with all springs, dogs and gumming-up and clap-trap fixings that may hold you up just long enough when they get out of order to let a spring rain throw you back a week. The secret is in the shaft drive. It runs in a bath of grease, free from dust and gumming.

Change as you go along, without stopping, two, three or four kernels in a hill. A foot lever throws it from a check planter to a drill planter. Equipped with sight feed—you see every hill as it drops. Fertilizer or Cow Pea attachment can be attached.

GOOD ROADS

NEW ROAD BUILDING PROGRAM

Amount of Money Available for Federal Aid Largest Ever Set Aside by Any Nation.

(Prepared by the United States Department of Agriculture.)

With full state co-operation according to the terms of the federal aid road act, the United States will have a total of at least \$574,000,000 for co-operative road building during the next three years. The federal part of this fund is assured by an extra appropriation of \$209,000,000 in the post office appropriation bill just passed by congress and signed by the president.

Officials of the bureau of public roads, United States department of agriculture, which administers the provisions of the federal aid road act and co-operates with the state governments in the expenditure of the money, point out that this amount of funds is the largest ever appropriated for similar purposes and for a similar period by any government in the history of the world, and that it enables the federal and state governments to carry out a road-building program of a magnitude never equaled.

In connection with the great federal-aid program it is also noted that expenditures for highway work in the United States this year are likely to amount to half a billion dollars or more. On reports received from state highway departments, the bureau of public roads estimates the 1919 expenditures for roads and bridges at \$485,000,000, or \$110,000,000 more than the average expenditures for 1916 and 1917.

An important effect of the law containing the new appropriation is that it broadens the definition of a rural post road, under which class a highway had to qualify in order to receive the benefits of the federal aid act.

Under the old act it was required that mail should actually be carried on the road or that there should be a reasonable prospect that mail would be carried on it within a short time after improvement. The new act says: "the term 'rural post roads' shall be construed to mean any public road, a major portion of which

Traction Engine Hauling Material for Construction of Road.

is now used or can be used, or forms a connecting link not to exceed ten miles in length of any road or roads now or hereafter used, for the transportation of the United States mails, excluding every street and road in a place having a population, as shown by the latest available federal census, of 2,500 or more, except that portion of any such street or road along which the houses average more than 200 feet apart.

The new act also raises the government limit of contribution from not to exceed \$10,000 a mile to not exceed \$20,000 a mile, taking account of higher present costs of labor and materials.

The law also authorizes the secretary of war to transfer to the secretary of agriculture material, equipment and supplies suitable for highway improvement and not needed by the war department.

The original federal aid road act, which became law in July, 1916, appropriated \$75,000,000 to aid in the construction of post roads during a five-year period ending June 30, 1921, and \$10,000,000 to aid in forest-road building during a ten-year period ending June 30, 1926. Not over \$3,000,000 of the original \$85,000,000 had been expended prior to 1919, so that \$82,000,000, plus \$209,000,000, or a total of \$291,000,000 of federal funds, will be available, of which \$287,000,000 will be available during the next three years.

POOR HIGHWAYS ARE COSTLY

Economic Loss to the United States Placed at Annual Figure of \$504,000,000.

The congressional report of 1914 placed the economic loss to the United States through poor roads at an annual figure of \$504,000,000 for transportation costs alone. The heavy increase in tonnage since that time probably makes the loss today close to \$1,000,000,000 a year.

METHODISTS TOLD TO DO SOMETHING THAT IS SENSATIONAL

R. T. BURGE, MISSIONARY, SAYS CHURCH MUST KEEP PACE WITH WORLD, WHICH IS DOING THINGS DIFFERENTLY NOW, OR FALL HOPELESSLY BEHIND.

Appeals to Church to Make Supreme Effort and Sacrifice at This Time to Christianize World and Present Arms.

Plans of the Methodist Episcopal Church, South, indicate that their field of work will greatly broaden in the next few months and will include Europe and Russia. "The Methodist Church has been plodding along for many years and has made a record that every Methodist is justly proud of," said R. T. Burge, of the Siberian Commission of the American Red Cross, in a letter from Vladivostok that has just been received at headquarters in Nashville.

"It is time, however, for the Methodist Church to do something sensational and unusual. All the world is doing things differently now and the organization that cannot keep pace must fall behind. We should go into the countries of Europe and Russia, be pioneers in a work that might mean more to prevent future wars than the League of Nations. Christianize and educate the peoples of the world and there will be no more wars. But if we have harmony by threats and fear and by constant show of force, I see no reason why it might not be another question of 'a scrap of paper.'

"But it would be madness to attempt any work in Siberia or Russia at this time. No complete or intelligent investigations can be made until order is restored, and from what I have seen it will be months before that task is accomplished. The campaign for thirty-five million dollars to be conducted May 18 to 25 will go a long way toward solving a big problem.

"Keep in mind always that the complexion of the world has entirely changed and that not only must there be complete reorganization in economic, political and social conditions, but most particularly in religious conditions."

INVEST the First day

It Wards Off Croup

Never put a croupy child to bed without giving a dose of

FOLEY'S HONEY-TAR

Mothers know it stops croup because it cuts the thick choking mucus, clears the throat of phlegm, stops the hoarse metallic cough, eases difficult breathing, gives quiet sleep.

Mrs. T. Neureuer, Eau Claire, Wis., writes: "Foley's Honey and Tar completely cured my boy of a severe attack of croup."

Mrs. C. R. Reitz, Allen's Mills, Pa., writes: "I have used Foley's Honey and Tar for the past eleven years, and would not be without it. It has saved me many a doctor's bill for cold and croup."

FROM UPPER SANDUSKY MISSION TO WORLD-WIDE SERVICE PROGRAM

**Methodist Centenary Plans Great
Religious Reconstruction.**

**DRIVE FOR \$115,000,000
IN WEEK OF MAY 18-25**

**Church Must Meet Modern
Needs or Allow Radical
Movements to Assume the
Lead, Is View of World-Wide
Observers.**

From an unpretentious, unheralded mission among the Wyandot Indians at Upper Sandusky, a century ago beyond the Ohio frontier, to a program of world-wide Christian reconstruction, now imperative.

This is the historical setting of the Methodist Centenary, the greatest evangelical movement ever launched in America. It is a challenge to the Christian church to meet the needs of these critical hours in world history by carrying out an adequate program to bring the message of Jesus Christ, in terms of modern, practical application, to the untapped millions at home and the hundreds of millions on the foreign field. It involves a reconstruction of the local church to a more adequate conception of its opportunities in the communities at home. It includes a vision of world-wide possibilities, faced by the Christian church, with the necessity of meeting them now or casting them aside for generations. Observers of world-wide conditions believe that this is a religious movement which bids fair to compel the world to attach new meanings to the words "Church" and "Religion" and "Christianity." Already out of its vision has grown an interchurch organization whose object is to greatly intensify the work which the centenary proposes.

In view of leaders of the Methodist Episcopal church, a missionary church almost from its inception, "the hour has struck" for the religious organizations of the world. Either they must carry out their mission of bringing the gospel of Christ in a practical way to the world's peoples, or they must step aside and permit some other, organizations to take their place in the social leadership of the world.

The war opened the minds of the people the world around as never before, these leaders declare, and the present gives an opportunity unprecedented in the world's history, and not soon to be repeated, for the

listment of a new army of 53,000 trained Christian workers to meet the needs of the home and foreign fields; and finally, from May 18 to 25, the final chapter of this intensive work—the nation-wide financial campaign to obtain pledges for the \$115,000,000 necessary to carry out the adequate program so carefully mapped out and adopted.

Tremendous, it seems from past viewpoints, but it is not large when

DR. F. I. JOHNSON.
Executive Secretary Cincinnati Area.

DR. S. EARL TAYLOR.
Executive Secretary Methodist Missionary Centenary.

analyzed or when viewed beside the potential wealth of the Methodist church. Methodism has spent much money on its local work, but comparatively little on its foreign field, large as the gross total might seem. To meet the new quota would be almost accomplished if each member would add a cent a day to present church contributions.

Distributed among the people to be reached, the total furnishes less than

FIRST METHODIST MISSION CHURCH, UPPER SANDUSKY, O.

From the Work Begun Among the Wyandot Indians in 1819 by John Stewart Has Grown the World-Wide Mission Activities of the Methodist Episcopal Church.—(Picture from painting by F. H. Halbedel.)

church to carry its message, the only basis, they declare, upon which democracy can be made safe for the world or even for America. But the opportunity also furnishes the danger.

"This is Christianity's opportunity," says Dr. Fred B. Fisher of New York, "but unless the church now leads in a commanding way, she may awake tomorrow standing powerless on a side track, while radical social democracy whirls by on the main line. It is the hour of challenge to the organized Christian forces of the world."

The Centenary project has been under way for four years and is constantly growing in its scope. It has grown as world developments have made for it the possibilities.

The first move was to make a careful and thorough survey of Methodist world needs, both at home and in foreign fields, and estimate what is needed for a five-year term to attempt in fair measure the Christianization of the 150,000,000 people in the non-Christian world for which the Methodist church is solely responsible.

The program of the Centenary embraces emphasis upon prayer life; a stewardship drive emphasizing God's ownership of material property; the

50 cents for the regeneration of each individual to whom the message must be taken. The most ignorant, the most debased, the most outcast of humanity is worth at least 50 cents' worth of effort on the part of a church bearing Christ's commission to all lands and all peoples, it is declared.

The central headquarters of this great movement are in New York. Dr. S. Earl Taylor, close friend of John R. Mott, is the executive secretary. To facilitate the work, Methodism was divided into 20 areas. Ohio, Southern Indiana and Kentucky form the Cincinnati area, the largest in point of Methodist membership of all the 20. The headquarters for this territory are at 74 East Gay street, Columbus, O. Dr. F. I. Johnson is the executive secretary. Associated with Dr. Johnson are many leaders of the church in this territory. In Indianapolis, at 324 Lenox Building, a separate headquarters is maintained for southern Indiana, with Dr. A. F. Hughes, president of the new Evansville College, as executive secretary.

The message of the Centenary is being emphasized by conventions, special speakers and publicity, such as has characterized no church movement in the history of the country.

Important Victory Loan NOTICE

THE undersigned Banks and Trust Companies of Rush County urge every prospective Victory Bond buyer to call at his respective Bank or Trust Company or upon his Committee before the close of business on April 21st, and make his subscription to the Victory Loan.

As announced by Secretary Glass the issue will be closed when the total of \$4,500,000,000 is reached.

Knowing the Amount of Anticipation Certificates that have already been sold by the Treasury Department, we feel that a large percentage of these will be taken in 4 $\frac{3}{4}$ % 4-Year Victory Bonds as urged by the Government.

This is by Far the Best of the Various War Issues

PIMPLY? WELL, DON'T BE!

**People Notice It. Drive Them Off
with Dr. Edwards'
Olive Tablets**

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel disorders, and Olive Tablets are the remedy effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

BAKER MAKES STATEMENT

**Not Decided Whether Americans
Will Occupy Rhineland**

Paris, April 16.—Secretary Baker in an interview with a correspondent here today, said he had not yet determined whether Americans will take part in the occupation of the Rhineland. If the Americans should they will be composed of volunteers. He also announced that he hoped to return home within ten days.

In the meantime he will cooperate with the liquidation commission in handling American materials. He will probably review some of the troops.

It does not take a very large piece of land to produce all the food for a human being, and there is still enough idle land in and around cities and towns to grow all the vegetables of certain kinds required by the people of these towns.

Dr. Drago having returned from overseas duty, the firm of

NOTICE TO ROAD CONTRACTORS

State of Indiana, Rush County, ss: Notice is hereby given that the board of commissioners of said county, at their office in the court house at Rushville, Indiana, will receive sealed proposals for the improvement of a certain highway 2 1/2 miles in length, in said county by grading, draining and paving with concrete and gravel, as set out in the specifications plans and profile now on file in the office of the auditor of said county, by and under the laws of the State of Indiana. Said sealed proposals will be opened and the contract awarded for said improvement on the 2d day of May 1919.

Bids or proposals will be received up to 2 o'clock p. m. on said date.

The said road to be improved is located in Center township, in Rush County, Indiana, and is to be known as the Jacob D. Todd et al. road when so improved.

Bids will be for the completion of the said improvement in accordance with the plans, profile and specifications in the office of the auditor of said county, and shall include all labor and material for said work. In no case will extra compensation be allowed for any additional work alleged to have been done by the contractor or contractors to whom is awarded the contract.

Each bid shall be accompanied by a personal or surety bond in the sum equal to double the amount of the bid filed for the work bid on, to be approved by the board of commissioners of said county. Said bond shall be conditioned upon the faithful performance of the work; the sureties, if personal, shall be resident freeholders of the State of Indiana, one of whom shall be a resident of Rush County.

Said improvement will be let as a whole to the lowest responsible bidder upon affidavit of noncollusion, which must be submitted with the bid, and upon failure to submit such affidavit such proposal or bid will be rejected by the board; and the board reserves the right to reject any and all bids. Time for the completion of said work will be fixed upon after the letting of said contract by said board of commissioners and successful bidder.

Given by order of the Board of Commissioners of said County.

W. M. H. McMILLIN,
Auditor Rush County.

WALTER E. SMITH

RUSSIAN POLAND SAID TO BE RICH GOLD MINE

Reported That a Colossal Amount of Gold and Silver Lies Hidden in Polish Soil.

PLACED THERE BY PEASANTS

(By United Press.)

London, Mar. 28. (By Mail.)—Russian-Poland is a land of hidden treasures.

A colossal amount of gold and silver lies hidden in Polish soil, according to latest arrivals here from Warsaw. It was placed there by peasants and landowners when the German invasion began.

Much of the buried treasure was lost when Germans cleared Poland's woods. Marked trees, used to designate the location of the precious buried metal, were chopped down and taken to Germany to be used in making aeroplanes. Then they blew up the stumps.

The Poles obtained the gold when the Russians began their retreat before the German onslaught. As they left, they paid the Poles in gold and silver for supplies. When the Germans came they proceeded to seize all the gold and silver but they no more than got a start when it all seemed to miraculously disappear.

There are 175 varieties of dogs.

When Children are Sickly

are Constipated, Feverish, Cry out in their sleep, Take cold easily, Have Headaches, Stomach or Bowel trouble, Try
MOTHER GRAY'S SWEET POWDERS FOR CHILDREN

They are pleasant to take and a certain relief. They act on the Stomach, Liver and Bowels and tend to correct intestinal disorders. 10,000 testimonials from mothers and friends of little ones telling of relief. No mother should be without a box of Mother Gray's Sweet Powders for use when needed. Ask today. The need of them often comes at inconvenient hours.

Used by Mothers for over thirty years.
Do Not Accept Any Substitute for MOTHER GRAY'S SWEET POWDERS.
Sold by Druggists everywhere. MOTHER GRAY CO., LE ROY, N. Y.

GERMANS TALK OF NEW REVENGE WAR

Believe Germany Was Not Defeated Militarily But Got Hungry And Sick of War.

GERMAN MIND HAS GONE WILD.

One of Results of War Lack of Respect for Law and Carelessness With Human Mind.

By FRANK J. TAYLOR
(U. P. Staff Correspondent.)

Berlin, Mar. 20. (By Mail).—German psychology has always baffled the rest of the world, or at least those who tried to understand why a German thought as he did. The world is due for a still worse baffling, if it tries to understand what goes on in the German mind today.

Mentally the German mind, suddenly thrown upon its own resources by the fall of the old system which fed people thoughts as well as food, has gone wild. Under the strain of war and due to the sudden changes, the Germans have become childlike psychologically. This is taking Germans generally.

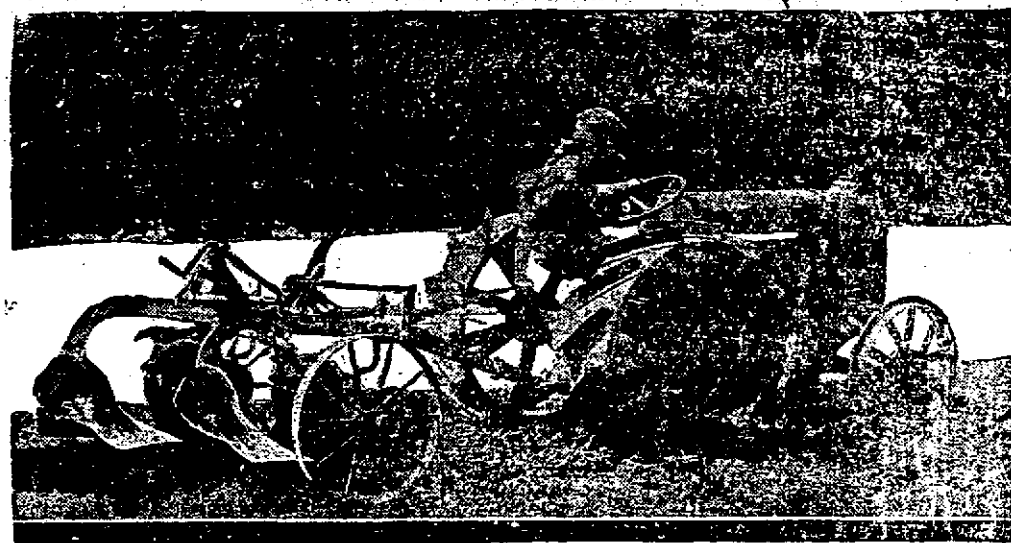

Thoughtful, serious Germans, when you occasionally find them, realize the temporary insanity, if it can be called that, under which the Germans as a nation are struggling.

It is the only way of understanding the lack of realization as to the real condition of things, a wave of which has swept Germany. No one looks farther than his nose, and every man and woman is interested entirely in his or her immediate self. There is little broad vision expressed in papers, in speeches, or in personal opinions as you hear them in Germany.

To cite specific cases. The peace and why it was signed is one of the German delusions. Practically every man, woman and child believes Germany was not defeated militarily but simply got hungry and sick of war, and therefore accepted the Entente conditions. This belief prevails in spite of the public statements of men like Erzberger, who have told the Germans their armies were defeated.

Perhaps this belief fosters the talk regarding "the next war". Not only occasionally but frequently and by all classes of people you are asked, "Well, when is the next war coming?" Often Germans go farther than that, and speak specifically of the "next war with France to get revenge". There is war talk on all hands, though Germany is in a state of collapse that is almost hopeless, and is entirely dependent upon the will of the Allies for her future.

How much the German believes of what he says is another matter. Probably he is out of his head, but this same disinclination to realize actual conditions as they were, led the German to support the military

The Fordson lightens farm work

IT means something to lighten the farm work these days when help is so scarce. That is where you will find the Fordson a worth-while investment.

A four-cylinder engine, a specially designed washer to purify the air that goes into the carburetor, and a kerosene burner—that's the Fordson.

Be sure you have an Oliver No. 7 Plow for your Fordson

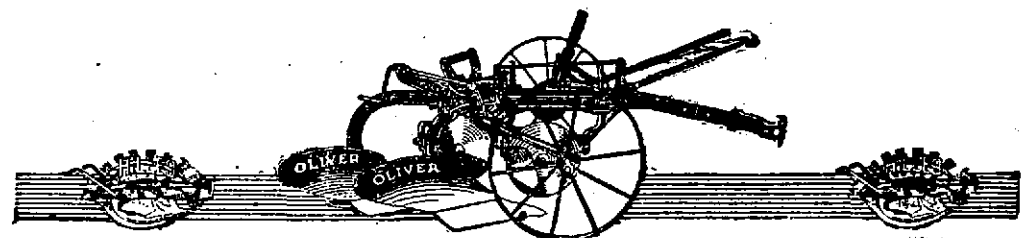

Be sure you have the best plow to go with your tractor, the plow that is designed for it. The Oliver answers every requirement that you will make of your tractor plow. It is strong and durable. Buries all weeds at the bottom of the furrow; turns a uniform furrow at all times; plows clear to the end of the field; is controlled from the driver's seat on the tractor.

Come in and see it and we'll tell you many more advantages.

The Reason Why We Sell G & B PEARL

WE want business. Consequently we must make satisfied customers who come back again and again. The best way we know to make satisfied trade is to sell satisfactory merchandise. That's why we handle G & B PEARL Wire Cloth for screening doors, windows and porches.

G & B PEARL Wire Cloth outwears painted and galvanized cloth by years, simply because it is more rust proof by far than any similar cloth. And you know rust, not wear ruins screens. From every standpoint—wear—economy—looks or cleanliness—G & B PEARL Wire Cloth is the one best buy for screening.

We sell the genuine article with the G & B Round Tag on the roll and 2 Copper Wires in the Salvage.

class during the first four years of the war. The German apparently does not think things out any more than he did.

In his attitude regarding the Entente, the German manifests about the same breadth of vision. Papers are filled with vindictive articles, much of which is furnished by bureaus established for the purpose in Holland and Switzerland, which carry sensation rather than news.

Whether this campaign to stir up hatred is organized or not is not certain. But the fact remains that Germans are being inspired with a hatred of France that never existed before, and that makes being good neighbors the more difficult. The feeling has become vindictive over the blockade and the non-arrival of food, which all Germans expected.

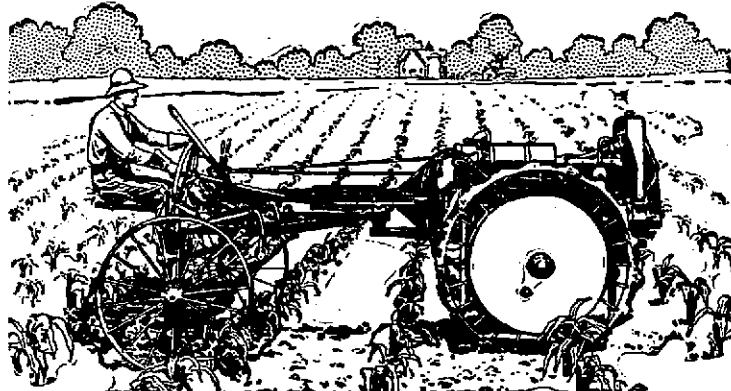

Internal questions get about the same amount of logic in their treatment. While the Government is attempting to establish order that production may improve the condition of workmen, the latter through their soviets are declaring waves of strikes, most of which are for sympathetic reasons.

It is no uncommon thing for half a dozen or more strikes to occur because one group of people demand better pay, or because a law is not passed as quickly as a certain class wishes. No doubt the conditions are bad, but the strikes for sympathy just make them worse. Employers find that workmen who have come from the front are only half as efficient, not because of the abnormal psychology under which they live now. Mentally they have become bolshevik, erratic and lazy.

This wave of irresponsibility is one of the greatest dangers Germany faces and makes the establishment of the new republic extremely difficult. The Government claims it is due to under-nourishment, which is partly true, but not entirely, since groups of men who have been well fed are subject to the same germ of loose thinking.

One of the results of the war has been the lack of respect for law and order and a carelessness with human life. It has made the Germans ready to use arms for any small issue they

ONE MAN OPERATES BOTH TRACTOR AND IMPLEMENT

One Man Cultivates 20 Acres a Day with the New

MOLINE UNIVERSAL TRACTOR
It Solves The Farm Help Problem

Due to its high clearance, 29 1/2 inches, the Moline Universal Tractor is perfectly adapted for cultivating, enabling one man to cultivate corn or other row crops, two rows at a time, at the rate of from 14 to 20 acres a day.

The Moline Universal attaches direct to the cultivator, and forms a compact unit with it that is controlled from the seat of the implement, where the operator must sit to do good work, dodging individual hills by shifting the cultivator gangs with his feet.

The position of the operator directly behind the right wheel of the tractor gives him an unobstructed view ahead. All he has to do is to keep the right wheel of the tractor a certain distance from the outside row and the whole outfit will go properly.

An electrical governor permits the engine to be slowed down to a snail's pace for turning at the ends of rows, or for cultivating the first time over.

The outfit is easily stopped, backed or turned, and does less damage in turning than horses.

The cultivator has many features which make its operation extremely easy and effective. All who have operated this outfit express surprise and delight at the ease and simplicity of operation.

Cultivating, however, is only one of all the farm operations the Moline Universal can do. It is light, but has more than enough power to pull two 14-inch plow bottoms at high speed, because all its weight is available for traction. The Moline Universal works to full capacity throughout the entire year. That's why it really replaces horses and enables one man to farm more land than was ever before possible. It is the universal tractor that does all farm work and solves the farm help problem.

There are many other features of this machine that will interest you.

deem unsettling otherwise.

Probably it will be a question of years before the German becomes clear-headed and clear-thinking. He started out with an abnormal psychology, inspired by conceit, and the

war gradually made him ripe for the mental collapse that took place with the revolution.

Women constitute 24.5 per cent. of India's factory workers.
